## **Foreign Policy In Comparative Perspective Domestic And International Influences On State Behavior:**

**Foreign policy in Comparative Perspective: Domestic and International Influences on State Behavior** Ryan K. Beasley, 2013 In this much anticipated revision of their unique text the editors bring together fifteen top scholars to highlight the importance of both internal and external forces in foreign policymaking Foreign Policy in Comparative Perspective Ryan K. Beasley, Juliet Kaarbo, Jeffrey S. Lantis, Michael T. Snarr, 2012-04-25 Widely regarded as the most comprehensive comparative foreign policy text *Foreign Policy in Comparative Perspective* has been completely updated in this much anticipated second edition Exploring the foreign policies of thirteen nations both major and emerging players and representing all regions of the world chapter authors link the study of international relations to domestic politics while treating each nation according to individual histories and contemporary dilemmas The book's accessible theoretical framework is designed to enable comparative analysis helping students discern patterns to understand why a state acts as it does in foreign affairs *Foreign Policy in Comparative Perspective* Ryan K. Beasley, 2002 Although a state's foreign policy is shaped by its unique culture history and political system all states share the same challenge they must contend with new global forces that are changing the way nations interact Economic liberalization democratization self determination regionalism as well as the growing power of international organizations heavily influence the actions of states both at home and on the world stage At last there is a modern comparative foreign policy text In one accessible volume fifteen scholars systematically explore the foreign policies of thirteen nations covering both major and emerging players Linking the study of international relations to domestic politics the authors highlight the importance of both internal and external forces in foreign policymaking Rather than consolidate countries into regional categories *Foreign Policy in Comparative Perspective* treats each nation according to its individual history and contemporary dilemmas allowing authors to address both shared concerns within a region and the unique struggles facing a particular country Enabling comparative analysis the book's theoretical framework helps students discern patterns to better understand why a state acts as it does in foreign affairs Each country chapter includes an introduction by the volume's editors that points to similar developments in other countries reinforcing comparison and analysis a discussion of the linkages between external and internal factors and the implications for future foreign policy a map to place countries within geographical context and a list of suggested readings for further information *Strategic Culture and Ways of War* Lawrence Sondhaus, 2006-08-21 This study will provide a badly needed survey and synopsis of the scholarly literature on strategic culture and ways of war Environmental Change and Foreign Policy Paul G. Harris, 2009-06-03 *Environmental Change and Foreign Policy* Theory and Practice and its companion volume *Climate Change and Foreign Policy Case Studies from East to West* examine and explain the role of foreign policy politics processes and institutions in efforts to protect the environment and natural resources They seek to highlight international efforts to address human induced changes to the natural environment analyze the actors and institutions that constrain and

shape actions on environmental issues show how environmental changes influence foreign policy processes and critically assess environmental foreign policies Focusing on theory and practice this book Introduces the concepts and theories of Environmental Foreign Policy providing a theoretical overview as well as addressing the construction of nature the symbolism of environmental policy and business and government responses to climate change Explores the practice of Environmental Foreign Policy describing how both developed and developing countries have approached a variety of environmental issues including persistent organic pollutants water biodiversity climate change and the trade environment nexus This book will be of strong interest to scholars and students of environmental policy and politics foreign policy public policy climate change and international relations

**Diplomatic Strategies of Nations in the Global South** Jacqueline Braveboy-Wagner, 2016-10-19 At a time of change in the international system this book examines how non traditional leading nations from the Global South have fared to date and what the chances are of their rise to continue In the second decade of the twenty first century the enthusiasm of observers of the international scene about the rise of the rest is waning as many countries that were expected to lead the evolving multipolar order are experiencing economic contraction and governance problems In order to predict further developments the contributors to this volume focus on the types and sources of the diplomatic strategies that must be executed by rising states if they are to preserve domestic advances as well as gain influence regionally and internationally Through a comprehensive examination of case studies from Latin America Africa Asia and the Middle East they show that while there are commonalities among these rising states unique domestic conditions values and traditions impact and predict diplomatic strategizing and the ability for sustained projection on the international scene

**Struggle for Alliance** Abdolrasool Divsallar, 2024-08-22 This book provides a comprehensive study of the complex impacts of the war in Ukraine on Russo Iranian relations and the resulting consequences for the international relations of the Middle East In contrast to dominant academic approaches which view Russo Iranian relations through the lens of an anti hegemonic agenda and confrontation with the US led international order this study presents an alternative angle stating that the war in Ukraine has sped up Moscow and Tehran s interdependency primarily because of the protective benefits that it brings to both states The book analyzes various debates about the impact of the war on Russo Iranian relations From the perspective of the emerging literature on authoritarian regionalism the book explores how domestic politics and common threat perceptions play a role in these states decisions to adjust to the systemic changes caused by the war Chapters address how changes in the strategic environment are affecting Moscow and Tehran s perception of each other what factors contribute the most to both states decision to pursue greater cooperation and how they manage the new conflicts of interest raised by the war The book also queries whether relations continue to be based on tactical partnership or whether a stronger alliance between Moscow and Tehran is unfolding and what the consequences of such a struggle for alliance will be for the wider region

**Examining US-China-Russia Foreign Relations** Gregory O. Hall, 2023-03-03 Examining US China Russia

Foreign Relations explores the changing nature and function of the US China Russia strategic triangle from the end of the Cold War up to the present Gregory Hall uses neoclassical realist international relations IR theory to argue that since the mid 2000s the politics of the strategic triangle have been increasingly influenced by factors related to the Big3 countries respective domestic environments Hall utilizes agency and context for each of the three great powers expanding on previously established frameworks to include a comparative analysis of each actor s domestic environment for foreign policy and the interplay between the domestic and external contexts In IR terms the book identifies and illustrates how factors including systemic state and societal individuals and small groups influence the foreign relations of the Big3 Hall concludes by exploring the future prospects for great power relations and for global affairs Incorporating both theoretical and empirical data to offer a fresh and timely look at the myriad challenges facing the three powers this book provides an excellent companion to students of foreign policy international security and post Cold War international politics 25 Years Berlin

Republic Todd Herzog,Anna Senuysal,Tanja Nusser,2019-02-21 25 Years Berlin Republic takes stock of the state of German unification a quarter of a century into the ongoing project that is the Berlin Republic Thirteen scholars artists and public figures from diverse backgrounds document the changing hopes and fears successes and challenges that face the republic as it negotiates its way through the 21st century Taking up a broad assessment of German culture ranging from sports to religion painting to map making film to foreign policy these studies combine personal experiences with critical analysis in order to understand the Berlin Republic today The resulting portrait reveals a complex diverse and constantly developing Republic that continues to ask the same essential question that has been at the center of discussions since the dramatic events that gave birth to the Republic Sind wir ein Volk **The SAGE Encyclopedia of War: Social Science**

**Perspectives** Paul Joseph,2016-10-11 Traditional explorations of war look through the lens of history and military science focusing on big events big battles and big generals By contrast The SAGE Encyclopedia of War Social Science Perspective views war through the lens of the social sciences looking at the causes processes and effects of war and drawing from a vast group of fields such as communication and mass media economics political science and law psychology and sociology Key features include More than 650 entries organized in an A to Z format authored and signed by key academics in the field Entries conclude with cross references and further readings aiding the researcher further in their research journeys An alternative Reader s Guide table of contents groups articles by disciplinary areas and by broad themes A helpful Resource Guide directing researchers to classic books journals and electronic resources for more in depth study This important and distinctive work will be a key reference for all researchers in the fields of political science international relations and sociology *Contemporary Cases in U.S. Foreign Policy* Ralph G. Carter,2002 **Argentina's Foreign Policy** Ana Margheritis,2010 Why would a state commit to foreign policy actions that do not appear to have relevance to its national interests And what can we learn from Argentina s extensive involvement in democracy promotion in the Americas Addressing

these related questions Ana Margheritis explores the interaction of presidential power regional issues and domestic instability in the shaping of Argentina s foreign policy *The Review of Policy Research* ,2006 **Global Politics** James Lee Ray,Juliet Kaarbo,2005 Theories of global politics The historical setting The modern era The power of states Inside states the making of foreign policy International conflict State efforts to avoid conflict alliances arms and bargaining Global security efforts international organizations law and ethics Interdependence among rich states international political economy in the north The developing states in the international political economy Regional economic integration in the global political economy The global environment and its inhabitants Transnational actors the wave of the future Globalization contemporary dynamics and the future of world politics **Strategic Dilemmas and the Evolution of German Foreign Policy Since Unification** Jeffrey Lantis,2002-09-30 Table of contents **The Search for a Common European Foreign and Security Policy** Akan Malici,2008-03-15 In the 1970s Henry Kissinger lamented When I want to call Europe I cannot find a phone number Kissinger s implication was clear Although Europe was moving towards a union in reality it was lacking the necessary coherence Since then the institutional momentum of the EU towards a common foreign and security policy has increased considerably Yet the viability of this institutionalization effort is questionable This book advances a new perspective on this paradox It argues that in order to understand institutional success and failure one must investigate the changing cognitive propensities of leaders in key states forming the institution **Israel in Comparative Perspective** Michael N. Barnett,1996-02 This book of original essays challenges the image of Israeli uniqueness and the status of the Israeli case and at the same time corrects some common misperceptions about the comparative method in general and case selection in particular At the same time it compares Israeli and Arab experiences and addresses critical issues in Middle Eastern studies Exploring the Effects of Regime Fragmentation on Foreign Policy Behavior in Southeast Asia Carol Jean Bowman,1999 **Foreign Policy Culture** Theodorus F. Verheyen,1988 國際關係學 國際政治學 國際法 國際經濟學,2008
