Foreign Devils On The Silk Road:

Foreign Devils on the Silk Road Peter Hopkirk, 2001 The Silk Road which linked imperial Rome and distant China was once the greatest thoroughfare on earth Along it travelled precious cargoes of silk gold and ivory as well as revolutionary new ideas Its oasis towns blossomed into thriving centres of Buddhist art and learning In time it began to decline The traffic slowed the merchants left and finally its towns vanished beneath the desert sands to be forgotten for a thousand years But legends grew up of lost cities filled with treasures and guarded by demons In the early years of the 20th century foreign explorers began to investigate these legends and very soon an international race began for the art treasures of the Silk Road Huge wall paintings sculptures and priceless manuscripts were carried away literally by the ton and are today scattered through the museums of a dozen countries Peter Hopkirk tells the story of the intrepid men who at great personal risk led these long range archaeological raids incurring the undying wrath of the Chinese
