## **Forgotten Land Journeys Among The Ghosts Of East Prussia:**

**Forgotten Land** Max Egremont, 2025-08-22 Until the end of World War II East Prussia was the German empire's farthest eastern redoubt a thriving and beautiful land on the southeastern coast of the Baltic Sea Now it lives only in history and in myth Since 1945 the territory has been divided between Poland and Russia stretching from the border between Russia and Lithuania in the east and south and through Poland in the west In *Forgotten Land* Max Egremont offers a vivid account of this region and its people through the stories of individuals who were intimately involved in and transformed by its tumultuous history as well as accounts of his own travels and interviews he conducted along the way *Forgotten Land* is a story of historical identity and character told through intimate portraits of people and places It is a unique examination of the layers of history of the changing perceptions and myths of homeland of virtue and of wickedness and of how a place can still overwhelm those who left it years before

**Forgotten Land** Max Egremont, 2011-05-19 Following his highly successful *Life of Sassoon* Max Egremont turns his attention to a world that has vanished into history East Prussia is no longer on any map though it was once a thriving land famously military deeply forested artistically fertile and the birthplace of Immanuel Kant As the scene of Stalin's terrible revenge it came to embody the turbulence of the twentieth century was carved up between Poland and the USSR after World War II and passed abruptly into history Embarking on a remarkable journey through landscape and memory Max Egremont has woven the stories of ghosts and survivors into an evocative and deeply moving meditation on identity and the passing of time PRAISE FOR FORGOTTEN LAND East Prussia's successful evocation demands both the mind of a poet who can delineate the scale of human loss and the imagination of an historian who knows how to count the cost *Forgotten Land* a work of consummate artistry blends both capacities to rare effect Spectator **Babushka's**

**Journey** Marcel Krueger, 2017-11-10 This is the story of a grandmother and what happened to her and to Eastern Europe in World War II Following the tracks of his grandmother Cilly for short into her vanished homeland of East Prussia and to the labour camps of the Soviet Union Marcel Krueger has interwoven contemporary landscape and family history into an evocative travel memoir *Babushka's Journey* is the record of his grandmother's journey from the snow covered battlefields of East Prussia in January 1945 to the Soviet labour camps in the Urals where she spent five years before returning to Germany Chasing the sights sounds and voices of past and present along this route the author has created both fictionalised historical narrative and contemporary travelogue covering two different journeys that follow the same path As he stumbles through the bars of present day Poland and dreams on the bunk beds of the Trans Siberian railway Krueger forges an authentic retelling of Cilly's tragic yet hopeful story discovering that her journey reflects tens of thousands of similar personal histories which continue to haunt Germany Poland and Russia today **A Transnational History of Forced Migrants in Europe** Bastiaan

Willems, Michal Adam Palacz, 2022-08-11 This book is a vital exploration of the harrowing stories of mass displacement that took place in the first half of the 20th century from the perspective of forced migrants themselves The volume brings

together 15 interrelated case studies which show how the deportation evacuation and flight of millions of people as a result of the First World War intensified rather than alleviated ethnic conflicts which culminated in population transfers on an even larger scale during and immediately after the Second World War While each chapter focuses on a different group of refugees and displaced persons the text as a whole looks at the experience of forced migration as a complex set of evolving relationships with the receiving society the homeland the broader diaspora and other migrant communities living within the same host country This innovative four dimensional model provides an overarching conceptual framework that binds the chapters together within the longer arc of European history By going beyond the conventional narratives of national victimhood and un successful assimilation of refugees A Transnational History of Forced Migrants in Europe reveals that identities of forced migrants in the first half of the 20th century were individualised hybrid and constantly reconstructed in response to socioeconomic forces and political pressures The case studies collected in this volume further suggest that age gender social class educational level and the personal experiences of unwilling nomads are more important to the understanding of forced migration history than ethnoreligious identities of victims and perpetrators

**The Wolf Children of the Eastern Front** Sonya Winterberg, Kerstin Lieff, 2022-12-02 If this doesn't move you I suggest you check your pulse John Kay frontman of Steppenwolf born in East Prussia in 1944 Told by the children who survived these stories could well be the last eyewitness report of the aftermath of the Second World War As the land where they once lived was integrated into the Eastern Bloc their accounts remained hushed until after the Iron Curtain fell Now in *The Wolf Children of the Eastern Front* they break their silence During the bitter winter months of 1944 45 hundreds of thousands of Germans fled East Prussia from an advancing Red Army With sometimes only minutes notice families escaped in horse drawn carriages or they simply ran on foot In desperation mothers threw babies onto handcarts pushing ahead through snowstorms and freezing temperatures Exhausted horses broke down left to die in roadside ditches Pounding artillery filled the air In the ensuing chaos 20 000 children lost their families to the mayhem to starvation epidemics or gunfire Even the youngest suddenly found themselves alone in the world needing to forage for food and find shelter They hid in bullet riddled barns and wandered from house to house begging for help While many died there are the few that managed to survive Their experiences are unimaginable toes frozen off endless hunger rape physical abuse Those considered lucky were eventually taken in even lovingly cared for primarily by Lithuanian farmers but nearly to the last of them they grew into adulthood illiterate and poverty stricken Yet a surprising truth lives within nearly every one of these victims an overwhelming sense of hope and forgiveness They are the Wolf Children

*Salt to the Sea* Ruta Sepetys, 2017-08-01 1 New York Times bestseller and winner of the Carnegie Medal A superlative novel masterfully crafted The Wall Street Journal Based on the forgotten tragedy that was six times deadlier than the Titanic Time Winter 1945 WWII Four refugees Four stories Each one born of a different homeland each one hunted and haunted by tragedy lies war As thousands desperately flock to the coast in the midst of a

Soviet advance four paths converge vying for passage aboard the Wilhelm Gustloff a ship that promises safety and freedom But not all promises can be kept This paperback edition includes book club questions and exclusive interviews with Wilhelm Gustloff survivors and experts Ulster's Lost Counties Edward Burke,2024-04-25

In 1920 the three Ulster counties of Cavan Donegal and Monaghan were excluded from Northern Ireland What happens to an abandoned people And what is the impact on subsequent generations At a time of uncertainty over the future of Northern Ireland the history of Ulster loyalists who found themselves on the wrong side of the Irish border is especially relevant Memories of the violence and betrayal experienced by one generation of protestants in the three counties entrenched an intergenerational Ulster loyalist identity Subsequently three county loyalists who moved across the border played an important role in militant politics Examining armed resistance in these counties and the radicals who came from them Edward Burke argues that violence or terrorism perpetrated by lost Ulster loyalists enjoyed considerable success Spanning the Anglo Irish War to the Troubles and beyond Ulster's Lost Counties demonstrates the grip of identity and betrayal since the partition of Ireland **The Literary Review**,2012

The Glass Wall Max Egremont,2025-10-16 Max Egremont author of *Some Desperate Glory* tells stories from the Glass Wall between Europe and Asia Few countries have suffered more from the convulsions and bloodshed of twentieth century Europe than those in the eastern Baltic region Caught between the giants of Germany and Russia on a route across which armies surged or retreated small nations like Latvia and Estonia were for centuries the subjects of conquests and domination as foreign colonizers claimed control of the territory and its inhabitants along with their religion government and culture *The Glass Wall* features an extraordinary cast of characters contemporary and historical foreign and indigenous who have lived and fought in the Baltic western Europe's easternmost stronghold Too often the destiny of this region has seemed to be to serve as the front line in other people's wars By telling the stories of warriors and victims of philosophers and barons of poets and artists of rebels and emperors and of others who lived through years of turmoil and violence Max Egremont sets forth a brilliant account of a long overlooked region on a frontier whose limits may still be in doubt **World War One** Max

Egremont,2018-12-11 For many before 1914 a huge European war had seemed impossible Conflicts in the Balkans flared up yet stayed contained The Belgian historian Henri Pirenne wrote to a friend in December 1905 Do you really believe in the possibility of a war For me it is impossible to have the least fear in that regard In March 1912 the British peer Lord Esher an authority on defence matters told an audience of Britain's senior Generals that war becomes every day more difficult and improbable After all what could be gained by war In 1909 the British writer Norman Angell claimed that with the increasing interdependence of nations war could not benefit the victor All participating countries would be impoverished the idea of victory was a great illusion In this short guide Max Egremont looks at controversies which have raged over the years What caused the war Who should be blamed for its outbreak Should Britain have joined in and after it did were its soldiers really as has been claimed lions led by donkeys What was America's role And was the final peace settlement as fair and sensible as

possible in the circumstances or by humiliating Germany did the Allies pave the way to a Second World War a truly global conflict which turned out to be even bloodier and more destructive than the First

**Siegfried Sassoon** Max Egremont, 2005-12-13 From his famous war poems to the gentler vision of his prose Siegfried Sassoon wrote masterfully of war and lost idylls This work and its complex author are illuminated in Egremont's definitive biography

**Siegfried Sassoon** Max Egremont, 2013-10-01 The life of Siegfried Sassoon has been recorded and interpreted in literature and film for over half a century He is one of the great figures of the First World War and *Memoirs of a Fox Hunting Man* and *Memoirs of an Infantry Officer* are still widely read as are his poems which did much to shape our present ideas about the Great War Sassoon was a genuine hero a brave young officer who also became the war's most famous opponent risking imprisonment and even a death sentence by throwing his Military Cross into the Mersey He was friend to Robert Graves mentor to Wilfred Owen and much admired by Churchill But Sassoon was more than the embodiment of a romantic ideal he was in many senses the perfect product of a vanished age And many questions about his character unique experience and motivations have remained unanswered until now Siegfried Sassoon's life has been recorded and interpreted in literature and film for over half a century But this poet First World War hero friend to Robert Graves and mentor to Wilfred Owen was more than the embodiment of a romantic ideal Passionately involved with the aristocratic aesthete Stephen Tennant married abruptly to the beautiful Hester Gatty estranged isolated and a late Catholic convert his private story has never before been told in such depth Egremont discovers a man born in a vanished age unhappy with his homosexuality and the modernist revolution that appeared to threaten the survival of his work and engaged in an enduring personal battle between idealism and the world in which he moved Shortlisted for the 2005 James Tait Black Memorial Prize for Autobiography

*Some Desperate Glory* Max Egremont, 2014-06-10 Max Egremont's *Some Desperate Glory* presents the story of World War I through the lives and words of its poets The hundredth anniversary of the outbreak of what many believed would be the war to end all wars is in 2014 And while World War I devastated Europe it inspired profound poetry words in which the atmosphere and landscape of battle are evoked perhaps more vividly than anywhere else The poets many of whom were killed show not only the war's tragedy but also the hopes and disappointments of a generation of men In *Some Desperate Glory* the historian and biographer Max Egremont gives us a transfiguring look at the life and work of this assemblage of poets Wilfred Owen with his flaring genius the intense compassionate Siegfried Sassoon the composer Ivor Gurney Robert Graves who would later spurn his war poems the nature loving Edward Thomas the glamorous Fabian Socialist Rupert Brooke and the shell shocked Robert Nichols all fought in the war and their poetry is a bold act of creativity in the face of unprecedented destruction *Some Desperate Glory* includes a chronological anthology of the poets works telling the story of the war not only through the lives of these writers but also through their art This unique volume unites the poetry and the history of the war so often treated separately granting readers the pride strife and sorrow of the individual soldier's experience coupled with a panoramic view of the war's

toll on an entire nation
