Foucault And Education Disciplines And Knowledge:

Foucault and Education Stephen J. Ball, 2013-05-13 First published in 1990 this book was the first to explore Foucault's work in relation to education arguing that schools like prisons and asylums are institutions of moral and social regulation complex technologies of disciplinary control where power and knowledge are crucial Original and challenging the essays assess the relevance of Foucault's work to educational practice and show how the application of Foucauldian analysis to education enables us to see the politics of educational reform in a new light Foucault and Education Stephen J.

Ball, 2013-05-13 First published in 1990 this book was the first to explore Foucault's work in relation to education arguing that schools like prisons and asylums are institutions of moral and social regulation complex technologies of disciplinary control where power and knowledge are crucial Original and challenging the essays assess the relevance of Foucault's work to educational practice and show how the application of Foucauldian analysis to education enables us to see the politics of educational reform in a new light Critical Conversations in Philosophy of Education Wendy Kohli, 2013-09-13 Critical Conversations in Philosophy of Education presents a series of conversations expressing many of the multiple voices that currently constitute the field of philosophy of education Philosophy of education as a discipline has undergone several turns the once marginal perspectives of the various feminisms critical Marxism and poststructuralist postmodernist and cultural theory have gained ground alongside those of Anglo analytic and pragmatic thought Just as Western philosophers in general are coming to terms with the end of philosophy pronouncement implicit in postmodernism so too are philosophers of education faced with similar challenges challenges to long held moral political aesthetic and epistemological commitments The contributors take up these challenges through a dialogical structure expressing differing positions without engaging in destructive critique *A Companion to Research in Education* Alan D. Reid, E. Paul Hart, Michael A. Peters, 2013-11-11 This volume offers a unique commentary on the diverse ways that educational inquiry is conceived designed and critiqued An international team of scholars examines cross cutting themes of how research in education is conceptualised characterised contextualised legitimated and represented Contributions include specially commissioned essays critical commentaries vignettes dialogues and cases Each section discusses the significance of a complex terrain of ideas and critiques that can inform thinking and practice in educational research The result is a thorough and accessible volume that offers fresh insights into the perspectives and challenges that shape diverse genres of research in education Foucault's Challenge Thomas S.

Popkewitz, Marie T. Brennan, 1997 The intellectual work of Michel Foucault has been an increasingly central component of social science in recent years This is the first book to directly address the implication of Foucault's work for the field of education This text originally published in 1997 not only provides a critical examination of the significance of Foucauldian thought for education but also discusses how Foucault's theories are arrayed in the everyday life of schools Foucault, Power, and Education Stephen J. Ball, 2012-12-12 Foucault Power and Education invites internationally renowned scholar

Stephen J Ball to reflect on the importance and influence of Foucault on his work in educational policy By focusing on some of the ways Foucault has been placed in relation to educational questions or questions about education Ball highlights the relationships between Foucault's concepts and methods and educational research and analysis An introductory chapter offers a brief explanation of some of Foucault's key concerns while additional chapters explore ways in which Ball himself has sought to apply Foucault's ideas in addressing contemporary educational issues In this intensely personal and reflective text Ball offers an interpretation of his Foucault That is his own particular reading of the Foucauldian toolbox Ideal for courses in education policy and education studies this valuable teaching resource is essential reading for any education scholar looking for a starting point into the literature and ideas of Foucault
