## **Foreskin A Closer Look:**

*Foreskin* Bud Berkeley, 1993 In this sometimes humorous often erotic always fascinating book the founder of the Uncircumcised Society of America takes us on a romp through the history of circumcision **Sex for Guys** Manne Forssberg, 2008-04-28 Provides a no holds barred guide to love desire feelings and sex for young men that covers a vast array of important issues such as orgasms masturbation homosexuality pornography and STDs **Foreskin's Lament** Shalom Auslander, 2007-10-04 A New York Times Notable Book and a chaotic laugh riot San Francisco Chronicle of a memoir Shalom Auslander was raised with a terrified respect for God Even as he grew up and was estranged from his community his religion and its traditions he could not find the path to a life where he didn't struggle daily with the fear of God's formidable wrath *Foreskin's Lament* reveals Auslander's painfully crippling incurably miserably religious youth in a strict socially isolated Orthodox Jewish community and recounts his rebellion and efforts to make a new life apart from it His combination of unrelenting humor and anger renders a rich and fascinating portrait of a man grappling with his faith and family

Circumcision Scar Jay J. Jackson, 2020-09-08 Read this blistering exposé into history's most loathed body part Did you know amputated foreskins are sold to cosmetic companies for 100 000 or that circumcision was alleged to cure brain tumors It also has a history of megalomania doctors believed it would cure black men of their predisposition to be rapists and the more children they circumcised the higher they'd ascend to god Most parents circumcise their sons without giving it a second thought They have no clue what the risks are because doctors never offer informed consent the legal obligation to educate patients on the risks and alleged benefits of any procedure so they understand what's being asked of them Circumcision facts doctors never tell parents Circumcision can permanently change your son's temperament Circumcision reduces penis sensitivity and causes erectile dysfunction Circumcision can result in amputation disfigurement or death Your newborn son will be given an erection to facilitate the procedure Circumcision has no genuine health benefits America has one of the highest HIV rates in the world despite circumcision Your body your choice His body your preference Love your son as he was born to be not for who you force him to be Jay J Jackson offers an unflinching glimpse into the debilitating mindset of circumcision related sexual trauma the same debilitating mindset experienced by all victims of sexual violence He details his personal experiences with foreskin restoration medical abuse and the shocking history behind how circumcision became commonplace in America **THE STORY BEHIND THE STORY** After suffering an unrelated trauma at the age of 1 Jay experienced parallel memories that caused him to discern he'd been in two separate hospital settings as an infant and his inability to reconcile these conflicting memories became the impetus behind his lifelong struggle As an adult Jay sought treatment for erectile dysfunction only to be chased out of multiple doctor's offices that branded him immoral and perverse for suggesting circumcision is harmful Abandoned by traditional medicine Jay ultimately found a cosmetic surgeon willing to help and he endured 2 experimental surgeries to reverse the damage his circumcision caused In his 50's Jay suddenly

realized his recurring nightmares were repressed memories of his neonatal circumcision which became the impetus for writing this book I drew the picture on the back cover in the first grade It s me in bed having another nightmare surrounded by my family who were angry that I d disturbed them again I was in my 50 s when I finally understood I was having recurring nightmares about my neonatal circumcision Please don t do this to your son Jay J Jackson a powerful and moving narrative of suffering and recuperation This unflinching memoir could be a valuable resource for readers researching the negative effects of circumcision BookLife Reviews Jackson s honesty provides a new way of looking at a practice that is rarely discussed In the end this intriguing subject is not only brought to light but also done so in an impassioned way Kirkus Reviews Contents i Preface 1 Introduction 2 How will your son learn he s been circumcised 3 Early Restoration Techniques 4 Attack of the Urologists 5 Foreskin Restoration Surgery 6 Embracing Denial 7 Circumcising Our Imaginary Baby 8 The Final Stretch 9 Faux Foreskin 10 The Prepuce Police 11 How I Remembered My Neonatal Circumcision 12 An Apatheist in a Dogmatic World 13 Cult or Culture 14 Christian American Doctors Hijack Circumcision 15 Foreskin Fascist 16 The Church of Medicine 17 Side Effects May Include 18 Modern Intactivism Footnotes

Death in Jewish Life Stefan C. Reif,Andreas Lehnardt,Avriel Bar-Levav,2014-08-27 Jewish customs and traditions about death burial and mourning are numerous diverse and intriguing They are considered by many to have a respectable pedigree that goes back to the earliest rabbinic period In order to examine the accurate historical origins of many of them an international conference was held at Tel Aviv University in 2010 and experts dealt with many aspects of the topic This volume includes most of the papers given then as well as a few added later What emerges are a wealth of fresh material and perspectives as well as the realization that the high Middle Ages saw a set of exceptional innovations some of which later became central to traditional Judaism while others were gradually abandoned Were these innovations influenced by Christian practice Which prayers and poems reflect these innovations What do the sources tell us about changing attitudes to death and life after death Are tombstones an important guide to historical developments Answers to these questions are to be found in this unusual illuminating and readable collection of essays that have been well documented carefully edited and well indexed
