Forging Romantic China Peter J. Kitson, 2013 The first major cultural study to focus exclusively on this decisive period in modern British Chinese relations Based on extensive archival investigations Peter J Kitson shows how British knowledge of China was constructed from the writings and translations of a diverse range of missionaries diplomats travellers traders and literary men and women during the Romantic period The new perceptions of China that it gave rise to were mediated via a dynamic print culture to a diverse range of poets novelists essayists dramatists and reviewers including Jane Austen Thomas Percy William Jones S T Coleridge George Colman Robert Southey Charles Lamb William and Dorothy Wordsworth and others informing new British understandings and imaginings of China on the eve of the Opium War of 1839 42 Kitson aims to restore China to its true global presence in our understandings of the culture and literature of Britain in the late eighteenth and early nineteenth centuries Anglo-Chinese Encounters Before the Opium War Xin Liu, 2022-08-12 Anglo Chinese Encounters Before the Opium War A Tale of Two Empires Over Two Centuries studies the fascinating encounters between the two historic empires from Queen Elizabeth I s first letter to the Ming Emperor Wanli in 1583 to Lord Palmerston s letter to the Minister of China in 1840 Starting with Queen Elizabeth I s letter to the Chinese Emperor and ending with the letter from Lord Palmerston to the Minister of China just before the Opium War this book explores the long journey in between from cultural diplomacy to qunboat diplomacy It interweaves the most known diplomatic efforts at the official level with the much unknown intellectual interactions at the people to people level from missionaries to scholars from merchants to travelers and from artists to scientists This book adopts a novel mirror approach by pairing and comparing people texts commodities artworks architecture ideologies operating systems and world views of the two empires Using letters gifts and traded goods as fulcrums and by adopting these unique lenses it puts China into the world history narratives to contextualise Anglo Chinese relations thus providing a fresh analysis of the surviving evidence Xin Liu casts a new light on understanding the Sino centric and Anglo centric world views in driving the complex relations between the two empires and the reversals of power shifts that are still unfolding today The book is not intended for specialists in history but a general audience wishing to learn more about China's historical engagement with the world **Alimentary Orientalism** Yin Yuan, 2023-06-16 What exactly did tea sugar and opium mean in eighteenth and nineteenth century Britain Alimentary Orientalism examines the contentious debates surrounding these exotic recently popularized and literally consumable things It suggests that the interwoven discourses that these commodities sparked transformed the period's literary Orientalism and created surprisingly self reflexive ways through which British writers encountered and imagined cultural otherness **Oriental Networks** Bärbel Czennia, Greg Clingham, 2020-12-18 Oriental Networks explores forms of interconnectedness between Western and Eastern hemispheres during the long eighteenth century Contributors discuss relationships between individuals and institutions as precursors to modern networks as they facilitated the exchange of cultural commodities plants animals and

artifacts practices and ideas Highlighting ambiguities and unexpected outcomes of networking the volume adds historical
perspective to our understanding of globalization Two English-Language Translators of Jin Ping Mei Shuangjin
Xiao, 2024-07-31 Two English Language Translators of Jin Ping Mei examines English translations of the Ming novel Jin Ping
Mei by translators from different historical periods within the Anglophone world Drawing upon theoretical insights from
translation studies literary criticism and cultural studies the book explores the treatment of salient features of the novel in
translation including cultural representation narratological elements gender specific motifs and homo sexual themes Through
literary re imagining and artistic re creation Egerton transforms a complex and sprawling narrative into a popular modern
middlebrow novel making it readily accessible within Western genres Roy s interlinear and annotated translation transcends
the mere retelling of a vivid story for its unwavering emphasis on every single detail of the original becoming a portal to the
Ming past It stands as a testament to the significance of translation as a medium for understanding the legacy of the late
Ming and the socio cultural dynamics shaping that period in Chinese history This book will be a useful reference for scholars
and research students within the fields of literary translation studies and translated Chinese literature particularly Ming Qing
fiction The book will also appeal to students and researchers studying Jin Ping Mei s translation and reception in the West
