Dear Seniors,

With the ACT test round the corner, the pressure to perform must have started to mount. But this is the time when you need to be calm and collected and only try to give your best shot. Don't let any kind of pressure get to you. You must only concentrate on your studies but it's important to take breaks.

Believe that you are not defined by a number. The ACT test is indeed important but it is not the end of the world. You must study your best and leave rest in God's hands and you will surely pass out with flying colors.

This test itself is not going to define how your life or career will turn out. There is a long way to go. Your graduation stream should depend on your interests irrespective of the ACT score. Sometimes, people end up working in a different field altogether unrelated to their graduation stream.

So study well and do the best you can but at the same time do take breaks, meet friends, sleep, and rest well. It is also important to have a healthy diet and avoid junk and fatty food. Drink enough water and eat your greens!

All the best,
Samantha Vance

Answers to Your Biggest Questions About Teaching Middle and High School ELA Matthew Johnson, Matthew R. Kay, Dave Stuart Jr., 2022-05-17 Matthew Johnson Dave Stuart Jr and Matthew R Kay have written a book to help navigate the burning questions early career teachers long to understand From ways to build a community of learners to motivational instruction to feedback that works for students and teachers alike these inspirational teachers share what it takes to craft a career for the long haul Andy Schoenborn co author of *Creating Confident Writers For High School College and Life* Your guide to grow and learn as an ELA teacher Let s face it major shifts over the past decade including pandemic related challenges have rapidly changed our ELA classrooms New and experienced teachers can benefit from guidance on the fundamentals of what excellent teaching and learning of writing can look like Friendly and practical this book is a reminder of the things that matter most Part of the Five to Thrive series for early career educators *Answers to Your Biggest Questions About Teaching Middle* your students are counting on it Stories of Inspiration Sarah M. Marshall, 2006 *The Administration of Correspondence-study Departments of Universities and Colleges* Arthur Jay Klein, 1919 **Talent Development in European Higher Education** Dr. Marca V.C. Wolfensberger, 2015-02-10 This book examines the much debated question of how to unleash the potential of young people with promising intellectual abilities and motivation It looks at the increasingly important topic of excellence in education and the shift in focus towards the provision of programs to support talented students in higher education It provides a systematic overview of programs for talented students at northern European higher education institutions HEIs Starting in the Netherlands where nearly all HEIs have developed honors programs over the past two decades the book explores three clusters of countries the Benelux the Nordic and the German speaking countries For each of these countries it discusses the local culture towards excellence the structure of the education system and the presence of honors programs In total the book reviews the special talent provisions for nearly four million students at 303 higher education institutions in eleven countries In addition it offers an analysis of the reasons to develop such programs a look into the future of honors education and a practical list of suggestions for further research The Sirius Program assigned Marca Wolfensberger to carry out this research *Letter Form Discrimination by Preschool Children* Monica Dee Christy, 1974 Ohio State University Bulletin , 1929 Greek Letter Fraternities at the University of Michigan, 1845-1937 Shelby Brewer Schurtz, 1937 The Struggle for Student Rights John W. Johnson, 1997 Benjamin F Shambaugh Award Honorable Mention The tension between free speech and social stability has been a central concern throughout American history In the 1960s that concern reached a fever pitch with the anti Vietnam War movement When anti war sentiment invaded American schools official resolve to retain order in the classroom vied with the rights of students to speak freely A key event in that face off was the Supreme Court decision in *Tinker v Des Moines* In 1965 five public school students in Des Moines including John Tinker a Methodist minister s son protested the Vietnam War by wearing black armbands in defiance

of school policy Suspended on disciplinary grounds that were upheld in federal court the students took their case to the Supreme Court arguing that they had been denied their right of freedom of expression under the First Amendment Ruling in their favor the Court determined that armbands did not constitute a sufficient reason to abridge free speech a decision which helped provide a legal foundation for subsequent anti war protests John Johnson now offers a detailed account of Tinker that captures the personal struggle of the litigants and places this seminal constitutional controversy in the legal and historical context of the 1960s In this highly readable book he shows that the case is important for its divergent perspectives on the limits of free speech and explains how the majority and dissenting Court opinions mirrored contemporary attitudes toward the permissible limits of public protest As the most important student rights case ever to reach the Supreme Court Tinker raises important issues regarding First Amendment freedoms and is a strong precedent for both the rights of public school students and legitimate civil disobedience The Struggle for Student Rights contains previously unpublished information and insights on this well known case and provides a fascinating legal window on a turbulent era With federal and state courts now considering the limits of speech and symbolic expressions in our schools it makes a significant contribution to understanding the principles that are at stake
