Israel Disarmed Mark W. Smith, 2024-05-14 Where was the army Where were the police Where was the state An Israeli mother on the 10 7 attacks America's anti gun lobby wants you to leave guns to the professionals The police and military will protect you they say Really Ask the people of Israel how well that worked out for them On October 7 2023 Hamas terrorists murdered 1 200 Israelis in cold blood Civilians waited in anguish for the army or police to rescue them Why Because the country's restrictive gun laws left most people unarmed The Israeli government made an immediate about face after October 7 They loosened gun laws to allow as many citizens as possible to arm themselves So why are America's anti gun extremists so determined to brush aside the Constitution and force you to turn in your guns The lesson from Israel's experience should be clear If you wait until catastrophe comes it's too late *Conflict and Catastrophe Medicine* James M. Ryan, Adriaan P.C.C. Hopperus Buma, Charles W. Beadling, Aroop Mozumder, David M. Nott, Norman M. Rich, Walter Henny, David

MacGarty, 2014-01-13 The first edition of conflict and catastrophe was produced in 2002 and a second successful edition followed in 2009 The decision to produce these works sprung from painful problems experienced by colleagues and authors themselves during many humanitarian and related deployments The guide for both editions was to provide in one volume an entry level text covering all aspects of deployment with an emphasis on medicine and healthcare in these environments This third revised expanded and updated edition of *Conflict and Catastrophe Medicine A Practical Guide* follows its successful predecessors in providing a framework for use by health professionals visiting a resource constrained environment Encompassing problems brought about by local conflict or natural disasters the book covers preparation organisation logistics treatment of major trauma and medical emergencies and the special problems of delivering medicine in a hostile environment This book comprehensively tackles Self preparation of health professionals to face a range of medical and related problems which occur in hostile and remote environments War and disaster medicine covering acute management rehabilitation reconstruction and prevention Bridging the fields of medicine nursing international relations history politics and economics The book also touches on nutrition infection trauma psychiatry and psychological medicine and training
