Foucault Neoliberalism Daniel Zamora:

Foucault, Neoliberalism, and Beyond Stephen W. Sawyer, Daniel Steinmetz-Jenkins, 2019-04-30 Few philosophers have garnered as much attention globally as Michel Foucault But even within this wide reception the consideration given to his relationship to neoliberalism has been noteworthy However the debate over this relationship has given rise to a great deal of polemics and confusion This volume brings together leading figures in the field to provide a reliable guide to one of the most controversial subjects in recent continental thought It puts across the case for Foucault s importance for post colonial race queer and feminist studies among other areas and opens up his relationship to neoliberalism to offer a broader picture of tensions brewing within the left more generally The Last Man Takes LSD Mitchell Dean, Daniel Zamora, 2021-05-25 Foucault s personal and political experimentation its ambiguous legacy and the rise of neoliberal politics Part intellectual history part critical theory The Last Man Takes LSD challenges the way we think about both Michel Foucault and modern progressive politics One fateful day in May 1975 Foucault dropped acid in the southern California desert In letters reproduced here he described it as among the most important events of his life one which would lead him to completely rework his *History of Sexuality* That trip helped redirect Foucault s thought and contributed to a tectonic shift in the intellectual life of the era He came to reinterpret the social movements of May 68 and reposition himself politically in France embracing anti totalitarian currents and becoming a critic of the welfare state Mitchell Dean and Daniel Zamora examine the full historical context of the turn in Foucault s thought which included studies of the Iranian revolution and French socialist politics through which he would come to appreciate the possibilities of autonomy offered by a new force on the French political scene that was neither of the left nor the right neoliberalism **Foucault against Neoliberalism?** Geoffroy de Lagasnerie, 2020-07-07 In the late 1970s Michel Foucault dedicated a number of controversial lectures on the subject of neoliberalism Had Foucault been seduced by neoliberalism Did France s premier leftist intellectual near the end of his career turn to the right In this book Geoffroy de Lagasnerie argues that far from abandoning the left Foucault s analysis of neoliberalism was a means of probing the limits and lacunae of traditional political philosophy social contract theory Marxism and psychoanalysis For Lagasnerie Foucault s analysis was an attempt to discover neoliberalism s singularity understand its appeal and unearth its emancipatory potential in order to construct a new art of rebelliousness By reading Foucault s lectures on neoliberalism as a means of developing new practices of emancipation Lagasnerie offers an original and compelling account of Michel Foucault s most controversial work *Liberalism and American Literature in the Clinton Era* Ryan M. Brooks, 2022-06-30 Based on the author s dissertation doctoral University of Illinois 2014 **Deconstructing Postmodernist Nietzscheanism: Deleuze and Foucault** Jan Rehmann, 2022-04-11 It is often asserted that postmodernism emerged from leftist Nietzsche interpretations but it is rarely explored This book investigates how Deleuze and Foucault read Nietzsche and apply a hermeneutics of innocence to his philosophy that erases the elitist anti democratic and anti socialist

dimensions This misreading also affects their own theory and impairs the claim to develop a radical critique The late Foucault's turn to self care techniques merges a neo Nietzschean approach with the ideologies of neoliberalism Rehmann's critique is not directed against the endeavor to take suggestions from some of Nietzsche's astute intuitions but rather against the conformism to use him as a symbolic capital without revealing his hierarchical obsession This book is an updated and extended version of Postmoderner Links Nietzscheanismus Deleuze Foucault Eine Dekonstruktion originally published in German by Argument Verlag GmbH 2004 978 3 88619 298 4

Equality and Freedom in Rancière and Foucault Stuart Blaney, 2024-12-12 Responding to the increasing need for new and peaceful forms of emancipation Stuart Blaney offers a unique solution in the synergy between two pioneering strands of continental philosophy Michael Foucault's ideas on freedom and Jacques Rancière's ideas on equality Building a dialogue between these two thinkers Blaney presents new perspectives on their work and a clear picture that emancipation comes from everyday practices rather than any particular movement or revolution In exploring these combined views of equality and freedom Blaney draws on some of the central facets of both concepts including revolution disagreement care for the self free speech and stoicism To put these ideas into a practical framework of real lived experience we are introduced to the figure of Louis Gabriel Gauny the 19th century worker poet and self confessed plebeian philosopher Gauny is a nexus for Rancière's and Foucault's ideas his life exemplifying a dual mode of existence in between conformity and political revolution This lived philosophy of equality and freedom shows the strong synergy between the two concepts with one reinforcing the other and strengthening their efficacy as forms of emancipatory practice

The Rise and Fall of the Neoliberal Order Gary Gerstle, 2022-03-01 In The Rise and Fall of the Neoliberal Order Gary Gerstle provides a sweeping reinterpretation of the entire era from the revival of market liberalism in the 1970s to the ruin generated by the 2008 global financial crisis that places America at the center For many neoliberalism is a term of opprobrium and their critique of it is simple it prioritizes free market principles over people and under the guise of expanding individual choice throughout the world has dramatically shifted power toward capital While sympathetic to the regime's critics Gerstle contends that the largely negative conventional wisdom misses the full contours of what neoliberalism was and why its worldview exerted such persuasive hold on both right and left for so long

For Foucault Mark G. E. Kelly, 2017-12-21 Calls for a Foucauldian approach to political thought that is intrinsically resistant to power and subordination to public policy This book comprises a series of staged confrontations between the thought of Michel Foucault and a cast of other figures in European and Anglophone political philosophy including Marx Lenin Althusser Deleuze Rorty Honneth and Geuss Focusing on the status of normativity in their thought Mark G E Kelly explains how Foucault's position in relation to political theory is different and over the course of the book describes a distinctive Foucauldian stance in political thought that is maximally anti normative anti theoretical and anti political For Foucault aims to undermine attempts to discern the appropriate form of political action instead putting forward a rigorously critical program for a political theory

that lacks any moralizing or totalizing dimension and serves only to side with resistance against power and never with power itself Looking at attempts to think radically about politics from Marx to the present day Kelly traces a novel history of political thought as a trend of attempts to overcome the constraints of normativity theoreticism and subordination to public policy He concludes by assessing and rejecting recent attempts to reclaim Foucault for a form of normative politics by associating him with neoliberalism This original and insightful book makes a significant contribution to political philosophy Stuart Elden author of Foucault The Birth of Power **Foucault and Neoliberalism** Daniel Zamora, Michael C.

Behrent, 2016-01-06 Michel Foucault's death in 1984 coincided with the fading away of the hopes for social transformation that characterized the postwar period In the decades following his death neoliberalism has triumphed and attacks on social rights have become increasingly bold If Foucault was not a direct witness of these years his work on neoliberalism is nonetheless prescient the question of liberalism occupies an important place in his last works Since his death Foucault's conceptual apparatus has acquired a central even dominant position for a substantial segment of the world's intellectual left However as the contributions to this volume demonstrate Foucault's attitude towards neoliberalism was at least equivocal Far from leading an intellectual struggle against free market orthodoxy Foucault seems in many ways to endorse it How is one to understand his radical critique of the welfare state understood as an instrument of biopower Or his support for the pandering anti Marxism of the so called new philosophers Is it possible that Foucault was seduced by neoliberalism This question is not merely of biographical interest it forces us to confront more generally the mutations of the left since May 1968 the disillusionment of the years that followed and the profound transformations in the French intellectual field over the past thirty years To understand the 1980s and the neoliberal triumph is to explore the most ambiguous corners of the intellectual left through one of its most important figures **Ratthasātsān**, 2018 *Le dernier homme et la fin de la*

Révolution Daniel Zamora, Mitchell Dean, 2019-08-22 T00:00:00-04:00 La dernière décennie de Michel Foucault a coïncidé avec l'agonie des espoirs de transformation sociale qui avaient marqué l'après-guerre Face à cette fin de la révolution le philosophe a tenté de réinventer la manière dont nous pensons la politique et la résistance ce que sa génération n'avait jugé ni faire C'est dans cette perspective qu'il s'est intéressé au néolibéralisme en tant qu'outil permettant de repenser les fondements conceptuels de la gauche et d'imaginer une gouvernabilité plus tolérante aux expérimentations sociales ouvrant un espace aux pratiques minoritaires et une plus grande autonomie du sujet vis-à-vis de lui-même Le moyen en somme de réaliser le projet non la fin de sa vie celui de ne pas tellement gouverner Et c'est ainsi que dans sa quête d'une gouvernabilité de gauche Foucault a anticipé et contribué en quelque sorte au façonnement de la situation politique contemporaine **Bibliographie**
d'histoire littéraire française Otto Klapp, 2022 **Critiquer Foucault**, 2020 **Foucault y el fin de la revolución** Mitchell Dean, Daniel Zamora, Felisa Santos, 2024-10-21 LSD sexo Mayo del 68 neoliberalismo Foucault un fil sofo que a cuarenta años de su muerte mantiene una vigencia tan inapelable como controvertida Michel Foucault marcó un antes y un

después en el pensamiento contemporáneo. Es uno de los filósofos más importantes de las últimas décadas cuya influencia llega hasta nuestros días. En este libro novedoso Mitchell Dean y Daniel Zamora exploran especialmente una etapa determinante de su vida y obra haciendo pie en mayo de 1975 cuando probó LSD en el desierto californiano, vivencia fundamental que lo impulsó a revisar su obra y lanzarse a nuevas experiencias sexuales filosóficas y políticas. Foucault y el fin de la revolución explora un tiempo convulsionado que va del Mayo del 68 a la experiencia en California pasando por el descubrimiento de las ideas neoliberales marcado por el polémico coqueteo con la revolución iraní y atravesado por el vínculo zigzagueante con la izquierda. Un libro fundamental para ingresar en el universo de un filósofo que a cuarenta años de su muerte mantiene una vigencia inapelable.

Critiquer Foucault Daniel Zamora, 2014-11-26. Lorsque Michel Foucault décède en 1984, c'est galemment le monde de l'après guerre, ses institutions et ses espoirs de transformation sociale qui se teint avec lui. Les décennies qui suivront seront indubitablement celles du triomphe du néolibéralisme et des attaques contre les droits sociaux. Si Michel Foucault n'en a pas le témoin direct, son œuvre dans ce domaine apparaît néanmoins visionnaire. La question du libéralisme occupe en effet une place importante dans ses derniers écrits. Depuis sa disparition, l'appareil de pensée foucauldien a en outre acquis une place centrale pour ne pas dire dominante au sein d'un large pan du monde intellectuel de gauche. Pourtant, comme le démontrent les différentes contributions qui composent cet ouvrage, l'attitude du philosophe face au néolibéralisme fut pour le moins quivoque. Loin de mener une lutte intellectuelle résolue contre la doxa du libre marché, Michel Foucault semble sur bien des points y adhérer. Comment en effet interpréter sa critique radicale de la sécurité sociale qualifiée d'instrument d'accomplissement du biopouvoir. Ou son soutien aux nouveaux philosophes. Foucault aurait-il été séduit par le néolibéralisme. Cette question loin d'incarner simplement les évolutions d'un intellectuel, interroge plus généralement les mutations d'une certaine gauche de l'après mai 68, les illusions venues et les transformations profondes du champ intellectuel français au cours des trente dernières années. Comprendre les années 1980 et le triomphe néolibéral, c'est galemment explorer les recoins les plus ambigus de la gauche intellectuelle, travers une de ses plus importantes figures.
