storage units and at yardsales Could you use an extra 450 dollars every day That s more than some people make every week and I do it from home with very little expenses and it s all tax free and in my wallet Trash Picking for Profit tells you exactly where to look for free items how to find buyers and even how to become an Expert in your field You ll find yourself loving your job it s a new adventure every day and feel good about helping the environment You re saving landfills and trash dumps while recycling beautiful items all while getting paid for it It s like getting green for going green And did I mention you don t need cash to get started I sure didn t have any when I began Many of the money making plans I show you don t even require a vehicle to get around You can do it all from the comfort of your own home And this book isn t about crazy get rich schemes It s nothing like that That s why so many people find it hard to believe that all the money earned is yours and yours alone and is strictly profit I always try to follow successful people who can prove that what they re doing works If someone offered to show you how to make an extra 60 500 dollars a day and thousands more a month you d probably take a minute to listen This book has those answers Trash Picking for Profit shows you step by step how to make money I show through real life examples and pictures how I do it every day See I realized quickly that I needed to generate income as my family was growing Even though my husband had a job he s one of the lucky ones I found myself wanting to work from home with two young daughters I have a college degree a creative mind and a superb resume But the market is full of overqualified individuals pushing a broom at McDonalds Nothing paid enough to justify leaving my kids with strangers in daycare every day while barely covering the cost to get to and from work so I was stuck wondering how to earn money while staying at home I needed more money My husband s salary is fixed So no matter how many more hours he worked in a week it still didn t change his paycheck We had cut every luxury imaginable from cable to eating out to vacations Still we were short every month I realized something had to change That s how this book came to happen Everything in here is tried and true If I can make money from nothing which I did and still do Then so can you I wouldn t dream of ever going back to work for someone else Especially not when I make more money now then I did pulling 40 hours before And I probably only work about 15 hours a week max now and I enjoy it So if you re looking for a new way to earn money work for yourself and spend less hours slaving away at something you hate consider the small price of investing 19 99 for this book You won t be disappointed I guarantee it If you love watching shows like Storage Wars Flea Market flip Salvage Dawgs and auction hunters then you ll love this book I teach you how to find those very items and then sell them on Ebay Craigslist and other free sites Trash Picking For Profit has repeatedly been ranked 1 on Kindle s best seller list for New Business Entrepreneurship **Empire of Scrounge** Jeff Ferrell,2006 Throughout this engaging narrative full of a colorful cast of characters from the mansion living suburbanites to the junk haulers themselves Ferrell makes a persuasive argument about the dangers of over consumption Dumpster Diving Guide Kingsley Moore,2021-03-12 n a world of seasonal foods solar panels skill swapping schemes cuttlefish toothpaste and compost toilets Kingsley Moore puts the fun into frugality and offers some great tips for economical and
