Paul K. S. Kim, 2009 **Team Concepts** Ed Becker, 2018-04-19 This book is a manual that enforces Biblical principles proven models and practical application for church planting The content of this book is the fruit of many spiritual pioneers These snapshots are of very brave men and women who chose to obey God and step out into spheres where there was no road map operating instructions and no guarantee of resources The common denominator that all possessed was a responsive heart towards God a heart that provoked bold action steps and at the end of the day that left great legacies

*Viral Churches* Ed Stetzer, Warren Bird, 2010-04-26 A groundbreaking guide for multiplying the impact of church plants Based on a study that was commissioned by the Leadership Network this book reveals the best practices in church planting

and uncovers the common threads among them A much needed resource this book will inform guide and even catalyze today's many church planting leaders The authors clearly show leaders how to plant churches that create a multiplication movement and offer inspiration for them to do so The book addresses their questions about what to do next in their church planting strategies in light of research on what's actually working best Author Ed Stetzer heads up LifeWay Research Provides reliable credible information about what church planting strategies work best A volume in the Leadership Network Series Offers a definitive guide for church planting and the burgeoning movement it is part of Planting Churches That Reproduce Joel Comiskey, 2008-12 Small group resources tend to overlook the spiritual side of small group leadership And yet most would agree that spiritual preparation is the most important aspect of leading a small group Only God's supernatural power can draw people to the truth and liberate them to be all that God wants them to be The key distinction of this book is the spiritual perspective it gives to small group ministry So much of the literature about small groups that is already published relates to small group technique and only touches briefly on the Spirit's power This book is a practical reference guide to help small group leadership begin to move in the supernatural realm The book's first priority is to help small group leaders and members trust the Holy Spirit to lead them empower them and work in their group Small group facilitators often sense a lack of guidance power and spiritual authority Jesus knew His disciples would be powerless without a touch from the Holy Spirit and so He told them to wait in Jerusalem saying You will receive power when the Holy Spirit comes on you and you will be my witnesses in Jerusalem and in all Judea and Samaria and to the ends of the earth Acts 1:8 Small group leaders need a power boost to make small group ministry relevant and exciting The second priority of this book is to help the facilitator identify and mobilize each small group member to use his or her own spiritual gifts
