Murphy,2015-04-10 This volume contributes to the growing debate surrounding the impact that the rising powers may or may not be having on contemporary global political and economic governance Through studies of Brazil India China and other important developing countries within their respective regions such as Turkey and South Africa we raise the question of the extent to which the challenge posed by the rising powers to global governance is likely to lead to an increase in democracy and social

justice for the majority of the world's peoples. By addressing such questions the volume explicitly seeks to raise the broader normative question of the implications of this emergent redistribution of economic and political power for the sustainability and legitimacy of the emerging 21st century system of global political and economic governance. Questions of democracy, legitimacy and social justice are largely ignored or under-emphasised in many existing studies and the aim of this collection of papers is to show that serious consideration of such questions provides important insights into the sustainability of the emerging global political economy and new forms of global governance. This book was published as a special issue of *Third World Quarterly*. **Development Co-operation Report 2016: The Sustainable Development Goals as Business**

Opportunities OECD, 2016-07-18. The face of development has changed with diverse stakeholders involved and implicated in what are more and more seen as global and interlinked concerns. At the same time there is an urgent need to mobilise unprecedented resources to achieve the ambitious Sustainable Development Goals. **The Mutual Review of**

Development Effectiveness in Africa 2012: Promise and Performance OECD, United Nations Economic Commission for Africa, 2012-05-10. The Mutual Review of Development Effectiveness is an exercise in mutual accountability undertaken jointly by the UNECA and the OECD following a request of NEPAD Heads of State and Government in 2003. Foreign Capital Flows and Economic Development in Africa Evelyn Wamboye, Esubalew Alehegn Tiruneh, 2017-03-16. This collection examines the extent to which foreign capital from conventional OECD countries and non-conventional BRICS sources has impacted economic development in Africa over the last two decades. It provides in-depth analyses of the nature, motives and implications of this capital and identifies drivers of contemporary rapid growth within and across African countries. Authored by leading experts, the book offers original insights for academics, policymakers and practitioners studying the changes taking place in Africa as the continent strides more confidently toward integration with the global economy. The major themes addressed in this book include: The implications of growing Chinese engagement in Africa; BRICS countries versus OECD countries' investment contributions to Africa; The politics of land grab and the puzzle of inclusive development in Africa; Foreign research and development spillovers; trade linkages and productivity in Africa; Foreign aid effects on social sector growth and structural change in Africa; Remittances; foreign debt resource management and economic development in Africa.

Mid-Year Economic Analysis 2012-13 India. Ministry of Finance. Economic Division, 2013-02-14. The Mid-Year Economic Analysis 2012-13 is a flagship document of the Ministry of Finance, Government of India, which reviews the trends in receipts and expenditure in relation to the budget of the second quarter of the financial year 2012-13. It also analyses the deviations in meeting the obligations of the Government of India under the Fiscal Responsibility and Budget Management Act 2003. In particular, the report covers growth trends, an appraisal of the state of the economy, macro and sectoral assessment of central government finances, evaluation of human capital and India's role in the context of the global economy. The Mid-Year Analysis is a precursor to the Economic Survey, an annual document of the Ministry of Finance which reviews the

developments in the Indian economy over the past one year summarizes the performance on major development programmes and highlights the policy initiatives of the government and the prospects of the Indian economy in the short to medium term

Global Development Finance 2011 World Bank Group, 2011-03 *Global Development Finance 2011 External Debt of Developing Countries* is a continuation of the World Bank's publications *Global Development Finance Volume II* 1997 through 2009 and the earlier *World Debt Tables* 1973 through 1996. As in previous years GDF 2011 provides statistical tables showing the external debt of 128 developing countries that report public and publicly guaranteed external debt to the World Bank's Debtor Reporting System (DRS). It also includes tables of key debt ratios for individual reporting countries and the composition of external debt stocks and flows for individual reporting countries and regional and income groups along with some graphical presentations. GDF 2011 draws on a database maintained by the World Bank External Debt (WBXD) system. Longer time series and more detailed data are available from the *Global Development Finance 2011* on CD-ROM and the World Bank open databases which contain more than 200 time series indicators covering the years 1970 to 2009 for most reporting countries and pipeline data for scheduled debt service payments on existing commitments to 2017. The database covers external debt stocks and flows, major economic aggregates and key debt ratios as well as average terms of new commitments, currency composition of long-term debt and debt restructurings in greater detail than can be included in the GDF book. The CD-ROM also contains the full contents of the print version of GDF 2011. Text providing country notes, definitions and source information is linked to each table. World Bank open databases are available through the World Bank's website data.worldbank.org. The *Little Data Book on External Debt 2011* provides a quick reference to the data from GDF 2011. For more information on the GDF database visit <http://data.worldbank.org/data/catalog>. *Global Development Finance 2011 External Debt of Developing Countries* is unique in its coverage of the important trends and issues fundamental to the financing of the developing world. This report is an indispensable resource for governments, economists, investors, financial consultants, academics, bankers and the entire development community. *The Little Data Book on External Debt 2012* World Bank, 2012-06-12. The little data book on external debt, a pocket edition of *Global Development Finance 2012 External Debt of Developing Countries*, contains statistical tables on the external debt of the 129 countries that report public and publicly guaranteed external debt under the Debtor Reporting System. It also includes tables of selected debt and resource flow statistics for individual reporting countries as well as summary tables for regional and income groups. It is the culmination of a year-long process that requires extensive cooperation from people and organizations around the globe: national central banks and ministries of finance, major multilateral organizations and many departments of the World Bank. The little data book on external debt provides a quick reference for users of the *Global Development Finance 2012* book, CD-ROM and online database. The general cutoff date for data is September 2011. The little data book on external debt covers external debt stocks

and flows major economic aggregates key debt ratios and the currency composition of long term external debt for all countries reporting through the debtor reporting system Terms used in tables are defined in the glossary The economic aggregates presented in the tables are prepared for the convenience of users Although debt ratios can provide useful information about developments in debt servicing capacity drawing valid conclusions from them requires careful economic evaluation *Foreign Capital Flows and External Debt* Michael I.
