## **Extremist Shiites Extremist Shiites:**

Extremist Shiites Matti Moosa, 1988-02-01 Little is known in the West about the division of the Islamic world into Shiites and Sunnites and even less about the stratification of these two groups with most of the attention going to the Sunnites Moosa's comprehensive study of the origins and cultural aspects of the different extremist or Ghulat Shiite sects in the Middle East is a ground breaking work These sects whose extremism is essentially religious are generally a peaceful people and except for the Nusayris of Syria are not political activists *Mahdis and Millenarians* William F. Tucker, 2008-01-07 *Mahdis and Millenarians* is a discussion of Shiite groups in eighth and ninth century Iraq and Iran whose ideas reflected a mixture of indigenous non Muslim religious teachings and practices in Iraq in the early centuries of Islamic rule and demonstrates the fluidity of religious boundaries of this period Particular attention is given to the millenarian expectations and the revolutionary political activities of these sects Specifically the author's intention is to define the term millenarian to explain how these groups reflect that definition and to show how they consequently need to be seen in a much larger context than Shiite or even simply Muslim history The author concentrates therefore on the historical sociological role of these movements The central thesis of the study is that they were the first revolutionary chiliastic groups in Islamic history and combined with the later influence of some of their doctrines contributed to the tactics and teachings of a number of subsequent Shiite or quasi Shiite sectarian groups Writing Religion Markus Dressler, 2013-05-07 In the late 1980s the Alevis at that time thought to be largely assimilated into the secular Turkish mainstream began to assert their difference as they never had before The question of Alevism's origins and its relation to Islam and to Turkish culture became a highly contested issue According to the dominant understanding Alevism is part of the Islamic tradition although located on its margins It is further assumed that Alevism is intrinsically related to Anatolian and Turkish culture carrying an ancient Turkish heritage leading back into pre Islamic Central Asian Turkish pasts Dressler argues that this knowledge about the Alevis their demarcation as heterodox but Muslim and their status as carriers of Turkish culture is in fact of rather recent origins It was formulated within the complex historical dynamics of the late Ottoman Empire and the first years of the Turkish Republic in the context of Turkish nation building and its goal of ethno religious homogeneity **An Afghan of Unknown Views** Kenneth Ray Glaudell, 1996 **Neo-conned!** D. L. O'Huallachain, J. A. Ahmed, 2010 The American planners of the 2003 Iraqi war sought glory in Iraq's tribal communal and political minefields not realizing that their action might unravel Iraq and threaten regional stability Behind the facade of ridding Iraq of its weapons of mass destruction Saddam Hussein's dictatorial government and spreading democracy in the Middle East the U S policy makers sought new military bases and control of Iraq

s massive oil reserves However the war planners soon found themselves sinking deeper and deeper into Iraq s long simmering communal and political conflicts with disastrous consequences This book sheds light on how the 2003 Iraq war engendered and shaped power struggles between Kurds Shiites and Sunni Arabs *U.S. News & World Report* ,1985
