Mastering the iPhone 12 Pro Camera James Nino,2020-12-12 Mastering the iPhone 12 Pro Camera The iPhone camera comes with so many

hidden features and tricks than what is obvious at first and only with a good book like this can you expose those hitherto hidden features If you have an iPhone 12 Pro and want to join many others who are able to take stunning photos with it then this book is for you The triple lens rear Cameras that protrude from the back of the iPhone 12 Pro are incredible but will require that you master the camera setting for you to be able to use it to capture great shots which is why you should be ordering this book right away because it is going to tell you how to do just that Very often the manuals and user guide that accompany devices tend to provide only basic advice on how to navigate around the iPhone which means you have to rely on external sources to get the best tricks and tips required to get the best from such devices which is why this book was written to help you get the most out of your iPhone 11 Pro Camera app In this book you will learn How to use the iPhone 12 Pro to take selfies Taking great slofies QuickTake Burst and how they improve your iPhone photography Why manual camera settings can improve your picture quality How to access some hidden camera functions that you probably did not expect a phone camera to have Have fun with Memojis and Animojis by creating fun personal replicas Why you should not use the digital zoom and use the optical zoom instead to get the best from your photos How to use your iPhone with a drone and shoot a full wedding scene This book shows many more functions than you would expect to find on a phone and helps you better utilize your iPhone 12 Pro when next you go on a trip or at the airport go on vacation capture important moments and document the different stages of your child s life Special Bonus That is not all at the end of this book we have a special gift for you something we believe you will love Click the Add to Cart to purchase on your closeout or click the Buy Now to purchase at least one copy now *The iPhone 12 Pro Photography User Guide. Your Guide for Smartphone Photography for Taking Pictures Like a Pro Even as a Beginner* Wendy Hills,2020 A Complete Guide to Using the iPhone 12 Pro CameraThe best camera for the job is the one you have in your hands when there is an opportunity for a photoshoot especially when that camera is the iPhone 12 Pro Maximize the use of your iPhone 12 to take great shotsA Complete Guide to Using the iPhone 12 Pro CameraThe best camera for the job is the one you have in your hands when there is an opportunity for a photoshoot especially when that camera is the iPhone 12 Pro The question then becomes are you making the most of that powerful tool in your pocket Do the photos you take seem to be from an amateur because of how blurry they look and very different from the kind of picture you had in mind to take If this is you and you want to be able to take incredible pictures with your iPhone then this book is for you At the end of this book you should be comfortable taking great shots with your iPhone 12 Pro even in low light conditions You will also be equipped with the skills needed to capture awesome portrait pictures of people and nail down your composition such that others can be amazed at how professional your pictures consistently look as you create jaw dropping landscapes food and travel photos of the events you are involved in The book starts by covering some of the basic things about the iPhone 12 Pro and the relevance of some of these features on the iPhone and how they affect the quality of the pictures taken with it In no time after you start using this book you will begin to start snapping with your camera with far

more confidence and dexterity than others who simply go through the motions of pointing their cameras at an object and taking pictures without some of this basic knowledge and skills. Some contents to expect to see in this book include How to create animojis and even share memojis with other types of phone users. How to take stunning pictures for your social media platforms. How to take stunning pictures with the portrait mode and lots more. With this book in your hands you can move from being just a mediocre basic iPhone user to an iPhone photography specialist. It will save you the time and energy of stumbling into some of these features by deliberately exposing you to these features and functions. If what you want is a go-to guide on matters surrounding just iPhone photography then this is a great reference guide for you, very different from what a generic iPhone 12 Pro manual can achieve because of how such books gloss over different topics. Not only that but you can also order this book as a gift for a friend, son, daughter, or a loved one to help them quickly get started with using their phone as soon as they start exploring the pages of this book.

Special Bonus: That is not all! At the end of this book we have a special gift for you, something we believe you will love. Click the Add to Cart to purchase on your closeout or click the Buy Now to purchase at least one copy now.

your journey to breathtaking photos and videos starts here *Lighting for Photographers* Joseph Lavine, Brad Bartholomew, 2019-08-13

Lighting is one of the most important aspects of any photograph. The best images create dimension and drama which goes beyond formulas and lighting recipes. In *Lighting for Photographers: An Introductory Guide to Professional Photography*, commercial photographers and instructors Joe Lavine and Brad Bartholomew offer a unique philosophy of lighting starting with an understanding of the characteristics of lighting to build great shots. Including interviews from professional photographers and illustrated with over 200 images, this book introduces basic photographic concepts and equipment needs and takes the reader from the lighting process through to starting a successful career in photography both in the studio and on location. Readers will learn a comprehensive approach to lighting including what light does, composition, experimentation, practical tools and techniques, equipment, metering and histograms, and how to launch and grow their career. With downloadable instructor resources featuring discussion questions and quizzes, this fully updated edition is ideal for introductory level photography and lighting courses as well as the amateur photographer looking to apply the appropriate lighting to realize their conceptual and aesthetic goals.
