choose online submission It's a good way to ease into the community by making friends and observing other people at a safe distance Creating an online persona allows women to keep their real names and identifiers private This not only helps maintain physical safety but also gives her the freedom to talk about sexual fantasies and naughty ideas without fearing judgment from other people or consequences on the job Online submission also allows for a sexual experience rooted in the

world of fantasy A woman can take on any role or persona she wants and perform acts she would not be willing or able to do in real life She can express emotion devotion and talk as dirty as she likes without feeling self conscious or uncomfortable While the scenarios sometimes described in online submission can be pure fantasy seemingly endless sexual romps with multiple orgasms and no pain or soreness the feelings of lust love loyalty friendship and arousal are all very real and can be a part of a vibrant sexual life This Submissive Training guide will take you into the world of online submission along with safety protocols and techniques for making the digital fantasy a physical reality You will also learn how to make the transition from online submission to a real life meeting

BDSM Primer Elizabeth Cramer, 2015-03-03 BDSM is a whole different world where people speak in their own formal and informal language have rules and social norms and create expectations based on everything from names to symbols you employ As a sex educator and an active member in the BDSM community I found most information floating around to be inaccurate and some even unhealthy As a primer this guide will demystify the world of BDSM and present it in a straightforward and easy to understand way to you This guide is more than just a list of who and what It is a map that will take you into the heart of the BDSM lifestyle explore the motivations and expectations and offer suggestions for the safe and sensual journey you are undertaking In **BDSM Primer for Women** you will learn The vocabulary roles and rituals The reasons you may want to participate in this lifestyle Ways and places to get started Safety concerns and legal issues Emotions consequences and actions What actions meet what needs What kinds of fetishes meet what kinds of needs How to communicate healthfully How to create your sexual self And much more

Dom's Guide to BDSM Volume 1 Matthew Larocco, 2015 Much of what we've heard about BDSM and the lifestyle is wrong Our opinions on this lifestyle and art form are oftentimes shaped by other people who have heard something about it and perhaps embellished it to the point of perpetuating myths The truth is that BDSM is not degrading towards women and it's also a concept that you will find is not scary And even the pain that is spoken of is not the type of pain people think it is This book is written for Doms Masters in training It is written for you the average guy or gal who doesn't already have a closet full of leather and whips and who really has little idea about what BDSM is besides what they've heard about it What you are going to find out is that the Dom Master actually has the more complicated role The master has the task of giving pleasure and discipline to the slave or sub A great deal of what you do as a Dom will be for the benefit of a sub You must derive pleasure from giving have a great desire to please a partner and not simply take what you want Still interested Good Now that we know you're a REAL master in training one that will respect the rules respect the slave you have power over and follow protocol you can begin your Dom training Only then can you truly earn the utmost respect and admiration from your sub In Volume 1 of this series we are going to discuss How to think and act like a Dom What the slave expects from you What not to do and what instincts you do NOT want to follow Your motivation and your goals How to find out a sub's taboo How to negotiate find agreement and ensure that game play is always safe How to make a slave yearn for you and desire to be controlled by you And much more
