Donald Tyson Sexual Alchemy:

Sexual Alchemy Donald Tyson, 2000 Chances are that you've heard of Tantra and Taoist sexual practices. Now, as a result of studying the inner mysteries of alchemy, Donald Tyson presents a Western system of sacred sexuality in *Sexual Alchemy*. Here you will learn how to have erotic relationships with loving spirits. That means the methods presented here can function as a Western alternative to Eastern sexual practices. They also can be used by a solitary person and need not depend upon the participation of a partner. The first part of this book presents a history of sex with spirits. It also goes into the secrets of Eastern internal alchemy and how the books of Western alchemy often made secretive references to sexual magick. You will also learn how to create a physical representation of the spirit you are going to use as a partner. The second part of the book includes the practices and techniques which the author found to be effective from other sources or developed himself. This includes techniques of diet, exercise, breathwork, banishings, purifications, and finally an invocation ritual to summon the spirit who is going to be your lover. Then you will learn the previously hidden secrets of having sex with a spirit lover. You'll learn how to prepare and recognize the signs that this is an actual occurrence and not simply a fantasy. And then, when you have accomplished your ritualized mating, you will learn how to collect and use the resulting highly charged fluids for magical purposes. Everything we are, everything we have, is a gift from the Divine. Doesn't it make sense that we use all of our abilities to honor the source from which they came? That means we can even make use of our sensual natures to honor the Gods. If you want to follow a system based on Western traditions, this book can be your guide.

Familiar Spirits Donald Tyson, 2004 For centuries familiars have assumed many forms: the heavenly lover of the shaman, the wise imp of the witch, and the elemental companion of the theurgist. But the time-honored practice of summoning a magical assistant has been mostly forsaken due to the false perception that it is both difficult and dangerous. Now renowned occultist Donald Tyson shares his revolutionary system for safely and successfully summoning, directing, and dismissing a familiar. Accessible to dedicated beginners, these techniques do not require expertise in formal ritual astrology or the Kabbalah. Revealed here for the first time is Tyson's unique system for generating spirit sigils based on a set of symbols called Power Glyphs. Familiars summoned by this method become valuable assistants who will do everything in their power to fulfill your goals.

Taoist Yoga and Sexual Energy Eric Steven Yudelove, 2000 This 14-week course applies the long-suppressed secrets of Taoist yoga, Chi Kung, internal alchemy, and sexual kung fu to improve every aspect of one's health and well-being.

Familiars in Witchcraft Maja D'Aoust, 2019-07-16 A comprehensive exploration of familiars and their many forms and powers. Explores witch's familiars in folklore, shamanic, and magical traditions around the world, including Africa, India, Scandinavia, ancient Greece, and China. Explains how familiars are related to shamanic power animals and how the witch draws on her personal sexual energy to give this creature its power. Examines the familiar in alchemical, Hermetic, and Egyptian magical literature, including instructions for procuring a supernatural assistant. Exploring the history and creation of a witch's familiar, also known as a spirit double or guardian spirit.

Maja D Aoust shows how there is much more to these supernatural servant spirits and guardians than meets the eye She reveals how witches are not the only ones to lay claim to this magician s assistant and examines how the many forms of witch s familiars are well known in folklore throughout Europe and America as well as in shamanic and magical traditions around the world including Africa India and China The author explains how familiars are connected with shapeshifting and how the classic familiars of medieval witchcraft tradition are related to the power animals and allies of shamanic practices worldwide including animal guardian spirits of Native American traditions and the daimons of the ancient Greeks and Romans She examines the fetch spirit also known as the fylgia in Scandinavian tradition and how the witch or sorcerer draws on their personal sexual energy to give this creature its power to magnetize and attract what it was sent to retrieve She looks at incubus succubus doubles doppelgangers and soul mates showing how familiars can also adopt human forms and sometimes form romantic or erotic attachments with the witch or shaman Reviewing alchemical Hermetic and Egyptian magical literature including the nearly forgotten alchemical works of Anna Kingsford D Aoust explores their instructions for procuring the attention of a supernatural assistant as well as an extensive description of the alchemical wedding and how this ritual joins the magician and familiar spirit into a single unified consciousness Exploring fairy familiars she reveals how a practitioner can establish a marriage with a totemic plant or tree spirit who in return would offer teachings about its medicinal and visionary powers Delving deeply into the intimate relations of humanity with the spirit world D Aoust shows how forming connections with living forces other than human enables us to move beyond the ego expand our magical abilities as well as evolve our conscious awareness

The Tantric Alchemist Peter Levenda,2015-09-01 The Tantric Alchemist is a work on alchemy as decoded by Tantra and a work on Tantra as understood by alchemists It uncovers works by Thomas Vaughan and suggests how he and his wife a 17th century Welsh couple unique in the history of western alchemy met their fate when dealing with forces they knew only too well but which were stronger than their ability to control them Using the works of Vaughan as his text Levenda applies the twilight language of Tantra to the surreal prose of the alchemist and in the process lays bare the lineaments of the arcane tradition that gave rise to the legend of Christian Rosenkreutz the reputed founder of

Rosicrucianism who learned his art in the East and to the 19th and 20th century occult movements lead by such luminaries as P B Randolph Theodore Reuss Helena Blavatsky and Aleister Crowley who also sought and discovered this technology in the religions and cultures of Asia Readers will find that the many disparate threads of an authentic spiritual tradition are woven together here in a startling tapestry that reveals without pretense or euphemism the psycho sexual technique that is at the root of both Tantra and alchemy that is to say of both Asian and European forms of esoteric praxis *Bibliographic Guide to Psychology* New York Public Library.
