John Bowlin,2014-08-10 How many times have you seen something online that made you want to fire off a fast and angry response Perhaps someone said something negative about a photo you posted or maybe someone put up a response to one of your posts and said something extraordinarily rude to you Welcome to the Internet These sorts of things happen all of the time and there s a huge element of danger when it comes to responding to those types of messages or from writing mean or thoughtless posts of your own From sending emails to texting posting photos writing blogs and posting missives to places such as Facebook Twitter and Google there s a certain element of danger involved You have to be
