Pastoral Care and Community in Late Medieval Germany

Deeana Copeland Klepper, 2022-12-15 Pastoral Care and Community in Late Medieval Germany explores how local religious culture was constructed in medieval European Christian society through close study of a set of neglected late fourteenth century manuscripts The Mirror of Priests is a pastoral work written by Albert an Augustinian canon from the Bavarian market town of Diessen to guide local priests in their work with parishioners Multiple versions of the text in Albert's own hand survive and by comparing them Deeana Copeland Klepper shows how ostensibly universal religious ideals and laws were adapted interpreted and repurposed by those given responsibility to implement them thereby crafting distinctive local expressions of Christianity The vision of Christian community that emerges from Albert's pastoral guide is one in which the messiness of ordinary life is evident Albert's imagined parish was marked out by geographic and legal boundaries property and jurisdictional rights tithes and sacramental responsibility as well as symbolic realities By situating the Mirror of Priests within Albert's physical and conceptual spaces Klepper affirms the centrality of the parish and its community for those living under the rubric of Christianity especially outside of large cities Pivoting between the materiality of texts and the sociocultural contexts of an overlooked manuscript tradition Pastoral Care and Community in Late Medieval Germany offers fresh insights into the role of parish priests the pastoral manual genre and late medieval religious life

The Living Church, 1995 *The Dominican Friars in Southern Africa* Philippe Denis, 2016-05-18 The purpose of this book is to gather in a single narrative the rather disparate stories of Dominican friars in Southern Africa over the past four centuries Dominicans from Portugal and Portuguese India were present in South East Africa from 1577 to 1835 Patrick Raymond Griffith an Irish Dominican became the first resident bishop in South Africa in 1837 A Dominican mission was established in 1917 with the arrival of a group of English friars A second group arrived from the Netherlands in 1932 The aim is to provide a social history of the Dominicans in Southern Africa that is a history that deals specifically with the social and cultural factors of historical development The Dominicans ministered in a political social and cultural context which impacted on their apostolic activities and in turn was affected by them The book's terminus ad quem is 1990 when the National Party opened a process of political negotiation thus ending more than forty years of apartheid rule
