Dosarul Ana Pauker Vol 1 2 Silviu B Moldovan:

Stalin's Legacy in Romania Stefano Bottoni, 2018-05-29 This study explores the little known history of the Hungarian Autonomous Region HAR a Soviet style territorial autonomy that was granted in Romania on Stalin's personal advice to the Hungarian Szekely community in the summer of 1952 Since 1945 a complex mechanism of ethnic balance and power sharing helped the Romanian Communist Party RCP to strengthen with Soviet assistance its political legitimacy among different national and social groups The communist national policy followed an integrative approach toward most minority communities with the relevant exception of Germans who were declared collectively responsible for the German occupation and were denied political and even civil rights until 1948 The Hungarians of Transylvania were provided with full civil political cultural and linguistic rights to encourage political integration The ideological premises of the Hungarian Autonomous Region followed the Bolshevik pattern of territorial autonomy elaborated by Lenin and Stalin in the early 1920s The Hungarians of Szekely Land would become a titular nationality provided with extensive cultural rights Yet on the other hand the Romanian central power used the region as an instrument of political and social integration for the Hungarian minority into the communist state The management of ethnic conflicts increased the ability of the PCR to control the territory and at the same time provided the ruling party with a useful precedent for the far larger nationalization of the Romanian communist regime which starting from the late 1950s resulted in ethnicized communism an aim achieved without making use of pre war nationalist discourse After the Hungarian revolution of 1956 repression affected a great number of Hungarian individuals accused of nationalism and irredentism In 1960 the HAR also suffered territorial reshaping its Hungarian born political leadership being replaced by ethnic Romanian cadres The decisive shift from a class dictatorship toward an ethnicized totalitarian regime was the product of the Gheorghiu Dej era and as such it represented the logical outcome of a long standing ideological fouling of Romanian communism and more traditional state building ideologies **În spatele cortinei de fier** Testis Dacicus, 2011 **Armată, spionaj și economie în România (1945-1991)** Petre Opris, 2022 Aceasta este poate cea mai spectaculoasă carte de până acum a istoricului Petre Opris Când ncepi să analizezi industria din perioada comunistă inevitabil trebuie să intri în zona spionajului industrial și a proiectelor militare Spionajul mai ales pe vremea lui Ceaușescu a fost un element esențial al dezvoltării industriei românești în astfel de ncepi să alegi cum luau Ceaușescu sau diverși miniștri decizii Inciziile adănci pe care le face autorul în corpul guvernelor comuniste scot la iveală slăbiciunile structurale ale economiei comuniste în volumul de față Petre Opris a avut în vedere materiale cu tematică politico-militară și studii privind serviciile românești de informații fenomenul emigrării românilor în economie românească aflate în conexiune cu elementele militare care au contribuit treptat la edificarea unei politici naționale de apărare a României în timpul Războiului Rece O asemenea abordare complexă poate fi considerată de pionierat în istoriografie deoarece până în prezent nu există o lucrare românească sau străină de sine stătătoare în care să fie tratate problemele numeroase cu care s-a confruntat regimul comunist de la București pe trei planuri paralele
