Dostoevsky And The Affirmation Of Life:

Dostoevsky and the Affirmation of Life Predrag Cicovacki, 2017-07-12 Dostoevsky's philosophy of life is unfolded in this searching analysis of his five greatest works *Notes from the Underground* *Crime and Punishment* *The Idiot* *The Possessed* and *The Brothers Karamazov* Predrag Cicovacki deals with a fundamental issue in Dostoevsky's opus neglected by all of his commentators How can we affirm life and preserve a healthy optimism in the face of an increasingly troublesome reality This work displays the vital significance of Dostoevsky's philosophy for understanding the human condition in the twenty first century The main task of this insightful effort is to reconstruct and examine Dostoevsky's aesthetically motivated affirmation of life based on cycles of transgression and restoration If life has no meaning as his central figures claim it is absurd to affirm life and pointless to live Since Dostoevsky's doubts concerning the meaning of life resonate so deeply in our own age of pessimism and relativism the central question of this book whether Dostoevsky can overcome the skepticism of his most brilliant creation is innately relevant This volume includes a thorough literary analysis of Dostoevsky's texts yet even those who have not read all of these novels will find Cicovacki's analysis interesting and enthralling The reader will easily extrapolate Cicovacki's own philosophical interpretation of Dostoevsky's literary heritage **Dostoevsky and His**

Creation; a Psycho-critical Study Janko Lavrin, 1920 The Russian Idea. Dostoevsky's Worldview Nikolay Alexandrovich Berdyaev, *The Varieties of Atheism* David Newheiser, 2022-12-09 The conversation around atheism is still dominated by the strident and combative voices of figures like Sam Harris Richard Dawkins Daniel Dennett and the now deceased Christopher Hitchens In bestselling books prominent columns and widely viewed lectures these commentators have claimed that religion is irrational unscientific morally corrosive and something that must be actively opposed Those who have tried to defend religion against these criticisms have tended to reproduce the idea that religion and atheism are competing theories about belief in divine beings But defining atheism narrowly in terms of belief makes it into an abstraction that misrepresents atheism as it actually exists There are other ways to imagine atheism and *The Varieties of Atheism* performs that imaginative work This collection offers an expansive account of atheism's diversity exploring what it has meant in the past and what it can mean in the future The essays highlight the contingency and ambivalence of basic categories like atheism and religion which are marked by the history of post Enlightenment debates over Judaism and Christianity The essays in this collection trace key themes and figures in these debates in conversation with early modern philosophy medieval theology and contemporary theory By clarifying the complex lines of affinity and tension between particular atheists and particular religious traditions *The Varieties of Atheism* opens new avenues for the study of secularity **Dostoevsky's Spiritual Art**

George Panichas, 2017-09-04 Fyodor Dostoevsky's highest and most permanent achievement as a novelist lies in his exploration of man's religious complex his world and his fate His primary vision is to be found in his last five novels *Crime and Punishment* *The Idiot* *The Devils* *A Raw Youth* and *The Brothers Karamazov* This volume culminates twenty years of

studying teaching and writing on Dostoevsky Here George A Panichas critically analyzes the religious themes and meanings of the author s major works Focusing on the pervasive spiritual consciousness at play Panichas views Dostoevsky not as a religious doctrinaire but as a visionary whose five great novels constitute a sequential meditation on man s human and superhuman destiny Dostoevsky's Convictional Theology Expressed in His Life and Literature Dumitru

Sevastian,2021-03-12 Fyodor Dostoevsky was not a theologian and his books are not books of theology However there is a living way that emerges from the study of his life and work convictions made manifest in the details of his own life and the lives of his characters Utilizing James William McClendon s conception of biography as theology Dr Dumitru Sevastian explores the lived convictions that emerge from three distinct periods in Dostoevsky s life the pre Siberian Siberian and post Siberian each represented by one of his novels The Poor Folk The House of the Dead and The Brothers Karamazov What emerges is a powerful expression of faith formed in community and tempered in suffering an example relevant to all

Christians seeking to model their lives and relationships on the dying and resurrected Christ **Problems of Dostoevsky's Poetics** Mikhail Bakhtin,2013-11-30 This book is not only a major twentieth century contribution to Dostoevsky s studies but also one of the most important theories of the novel produced in our century As a modern reinterpretation of poetics it bears comparison with Aristotle **The Affirmations of Reason** Sigurd Baark,2018-01-08 This book examines the speculative

core of Karl Barth s theology reconsidering the relationship between theory and practice in Barth s thinking A consequence of this reconsideration is the recognition that Barth s own account of his theological development is largely correct Sigurd Baark draws heavily on the philosophical tradition of German Idealism arguing that an important part of what makes Barth a speculative theologian is the way his thinking is informed by the nexus of self consciousness reason and freedom which was most fully developed by Kant Fichte and Hegel The book provides a new interpretation of Barth s theology and shows how a speculative understanding of theology is useful in today s intellectual climate Thriving in Babylon David B. Charles,2011-01-01 This delightfully multifaceted volume comprised of thoughtful essays by an esteemed array of cultural critics probes the intersection of Christian faith and culture to honor the memory of A J Chip Conyers a remarkably ecumenical Christian scholar and cultural warrior whose premature death in 2004 cut short a remarkable career in teaching and writing As those who knew him can attest Conyers lived his life at the intersection of Christian theology and cultural concern with a singular blend of astuteness gracefulness and Christian conviction This festschrift as esteemed theologian and Conyers s mentor Jurgen Moltmann indicates in the foreword is intended to mirror Conyers s own commitment to incisive cultural criticism and theological faithfulness in the mold of the great tradition This is no small achievement even for so venerable a cast of scholars as the contributors to this volume as Conyers crossed interdisciplinary boundaries in a day of escalating hyper specialization with the greatest of ease He was comfortable discussing contemporary church life or the christological controversy of the patristic era Heideggerian hermeneutics or human dignity and the imago Dei faith and the

Enlightenment or the fatherhood of God Catholic substance or Protestant reform Yet Conyers always did this through the lens of historic Christian orthodoxy Though he was a most incisive student of culture in a most refreshing way he steered clear of being co opted by the currents of culture Neither retreating into pious devotionism nor opting for the theologically unreflective activism that has become so chic in our post consensus climate he embodied a theological perspective that blends responsible cultural engagement with eschatological hope The reader is sure to encounter the same blend in this festschrift and to come away both challenged and edified toward fulfilling the message and hope of Conyers life and work to faithfully thrive in Babylon **The Christian Scholar** ,1965 **Radical Theology and the Death of God** Thomas J. success in tracing the background of the ideas animating Dostoevsky's religious probing
