Palmer,Morton Manus,2008 Continuing the incredible popularity of Alfred s Basic Adult Piano Course this new book adapts the same friendly and informative style for adults who wish to teach themselves With the study guide pages that have been added to introduce the music it s almost like having a piano teacher beside you as you learn the skills needed to perform popular and familiar music There are also five bonus pieces At Last Have Yourself a Merry Little Christmas Laura Over the Rainbow Singin in the Rain Included is a recording containing the piano part and an engaging arrangement for each of the 65 musical examples 192 pages **Let's Begin** Raewyn Bailey,2020-07-09 A Piano Course For Adult Beginners introducing simple exercises and explanations of basic technique to help the adult learner develop good habits from the outset The emphasis is on learning a lot about playing the piano without having to recognise too many notes at the same time Trying to learn too many notes at once is often the greatest obstacle to progress for the adult and can destroy confidence very early on In this book the writer has tried to continuously build the learner s confidence Let s Begin progresses through a series of five finger hand positions such as the F position on page 24 with the introduction of B flat and the E minor position on page 33 introducing F sharp and D sharp Note learning progresses by adding just one new note in each hand with each new change of position Each hand position contains progressive exercises and tuneful pieces such as Lullaby on page 23 A Sleepy Afternoon on page 29 and the slightly more advanced Clockwork Doll on page 40 and The Lonely Farm on page 41 Each of these pieces makes use of the previous technical exercises of Legato and Staccato and Chords Each section is rounded off with a duet which the learner can play with the teacher or a more experienced friend These have proven extremely popular When the adult learner plays First Duet on page 26 for the first time the sense of achievement is always commented upon All five duets are popular with adults and help to develop listening skills that are difficult for the new pianist to develop on their own The book has been used successfully over a number of years with the composer s pupils achieving a great deal

of success Students are able to read music quite well by the end of the first book A recent student persuaded the author to publish it so that other potential adult beginners would have the opportunity to learn with this engaging and stimulating material The new beginner feels very quickly that they are playing real pieces that sound nice which in turn encourages the adult to practice with resulting progress The author s helpful technical suggestions at the beginning of the book and throughout also enable the learner to overcome potential problems 1956 Supplement to The Modern Teacher's Guide to
