*Service Learning as Pedagogy in Early Childhood Education* Kelly L. Heider, 2016-10-14 This book presents the most recent theory research and practice on service learning as it relates to early childhood education. It describes several service learning programs many of which were developed to better prepare pre service teachers for the challenges they face in today's early childhood classrooms including class size ever changing technology diversity high stakes testing parental involvement or the lack thereof and shrinking budgets. The book shares stories of positive outcomes from pre service teachers who having participated in service learning programs report a shift in their attitudes and beliefs including an increased empathy for others a heightened sensitivity to student differences more democratic values and a greater commitment to teaching. In addition the book examines the effects of service learning and positive outcomes for children and teacher educators as well. Schools today face an increasing number of language learners the mainstreaming of special population students and working with a standards driven curriculum. All of these present new challenges for teachers as they attempt to meet their students educational needs. As a result of this new classroom environment and the educational needs they present teacher educators must now seek different approaches to prepare prospective teachers to meet these needs because the traditional approaches to teacher preparation such as coursework independent of fieldwork are no longer effective in equipping teachers to address these issues. This book examines in detail the new approach of service learning.

*Being an Early Childhood Educator* Felicity McArdle, Lyn Zollo, 2020-07-16 This book will be an invaluable resource for pre service early childhood educators as they prepare not only for their placements but also their future careers. The examples activities and reflection points are realistically representative of events and contexts across the birth to 8 years age range. These features effectively scaffold the pre service teacher's preparation and thinking for socially just early childhood teaching. Associate Professor Susan Krieg Early Childhood Program Coordinator Flinders University Making the transition from pre service teacher to professional can be challenging. From field experience placements or pracs to the early years in the classroom this text provides a comprehensive and practical guide to help every early childhood student develop their professional expertise and confidence. The authors prompt students to bring together theories learned at university with ways of working with real children in real settings framed by the principles of recognising equity and diversity. There is clear guidance on how to be successful on prac including understanding the many roles pre service teachers will be expected to take on and the important relationships they need to build. Lesson planning understanding curriculum documents and fail safe strategies for teaching in a wide range of situations and with children from wide ranging backgrounds are all covered in depth. Suggestions for tutorial activities and further reading accompany each chapter prompting students to engage in critical reflection and self evaluation while the On track on prac feature will help pre service teachers monitor and review their progress. Readers are also provided with insights from real world pre service students and professional teachers who have mentored many different students on prac.

This is an essential text for all students undertaking practicums and preparing for the first years of their professional careers

*Contemporary School Playground Strategies for Healthy Students* Brendon Hyndman, 2017-06-12 This book is a research guide for implementing contemporary playground strategies to promote active healthy students A number of school playground strategies have succeeded in reducing the decline in students activity levels by introducing equipment and policies that encourage further engagement The book outlines these strategies and ideas and offers insights into their multiple levels of influence on engaging students in school playground activities that can promote student health It also discusses previous investigations into the effect of playground strategies on students activities and the differences between structured and unstructured playground activities investigations that have explored the translatability and feasibility of specific school playground strategies and potential recommendations for future school playground research It also provides observations on the features students desire in their playgrounds and what features are important in terms of safe activities enjoyment levels which in turn offers suggestions for future research directions

*Strong Foundations* Anna Kilderry, Bridie Raban, 2021-01-01 Strong Foundations Evidence informing practice in early childhood education and care celebrates the progress made by the Australian early childhood education and care profession since the implementation of the Early Years Learning Framework Recognising this progress Associate Professor Anna Kilderry and Honorary Professor Bridie Raban lead a team of 34 notable contributors from 13 universities and institutions throughout Australia who focus on the challenges of access equity and quality that remain across the sector With a Foreword by Professor Alison Elliott Strong Foundations brings together knowledge and insights from research in education health social care child safety science mathematics and the arts The critical importance of health wellbeing and safety in the first five years of children s lives is reflected in a particular focus on supporting positive lifestyle choices on social and emotional development and on the role that adults play in keeping children safe The book addresses policy requirements from the Early Years Learning Framework the National Quality Standard and Quality Improvement Plans highlighting links between research and practice and making connections to the five EYLF Learning Outcomes With an emphasis on professional practice expectations Strong Foundations showcases evidence from Australian and international research and provides case studies of early childhood educators applying evidence informed actions in a wide variety of education and care settings Strong Foundations translates high quality peer reviewed research into everyday practice and supports early childhood educators in improving long term outcomes for children families and communities

and Improvement of Quality in Early Childhood Education and Care: A World-Wide Kaleidoscope Antonia Elisabeth Enikoe

Baumeister, Hui Li, Linda Joan Harrison, 2024-08-29 The key aims of early childhood education and care ECEC are to offer children from all social backgrounds a good start in their lives to support parenting as well as families workforce participation and thereby to sustainably strengthen the national economy over current and future generations High quality ECEC has been shown to improve child outcomes and be a buffer against developmental risk factors For these reasons governments ECEC providers and researchers are placing an increasing focus on the frameworks and systems that underpin quality as well as the measures that assess quality At the same time however research on ECEC as a multidisciplinary endeavor has shown that the aims and benefits of high quality ECEC can only be reached when all stakeholders needs are acknowledged and sufficiently met For example recent evidence suggests that the acceptability and social validity of quality assessment and improvement methods are contested among some stakeholders and thus the sustainability of these quality efforts may be in doubt New challenges also include the ever changing nature and circumstances affecting ECEC stakeholders for example the greater flows of refugee families and the impact of the Covid 19 pandemic This Frontiers Research Topic will contribute to an updated knowledge base in order to inform governments providers and the scientific community about best practices and new solutions for conceptualizing measuring and improving ECEC quality The aim of the proposed Research Topic is to generate a worldwide kaleidoscope of research studies that explore and discuss models for gathering the perspectives of multiple stakeholders and considering the meaningfulness of stakeholder views for conceptualizing assessing and improving quality in ECEC We believe that greater attention needs to be given to the diversity of stakeholders who are invested in ECEC including government regulatory authorities service providers educators families communities and children We also believe that wide ranging stakeholder input will generate innovative methods for assessing and improving quality that keep pace with our rapidly changing information society Two further foci are set on ECEC practices 1 that support participation diversity and inclusion of all children and families and 2 that are suitable for developing countries and diverse populations within countries In this the focus is not only on best practices but also on the limitations of practices In soliciting research articles on ECEC stakeholder perspectives we describe stakeholders as inclusive of government non government regulatory agencies service providers teachers and caregivers families communities and children Themes of interest include but are not limited to Assessment of quality in ECEC including self assessment approaches The design of and use of quality frameworks in ECEC Effects of quality and of quality improvement on children and families Drivers and indicators of quality improvement Acceptance and sustainability of quality efforts among ECEC stakeholders Policy expectations of quality rating and improvement systems e g funding policy The role of teacher and caregiver professionalization All types of center based and home based ECEC We are interested both in quantitative and qualitative research designs as well as in mixed methods research Cross sectional longitudinal quasi experimental and case study designs are welcome The following article types are welcome original research empirical studies systematic reviews
