

## ECONOMICS GRADE 11TH WORKSHEET

1. Discuss how the law of diminishing marginal utility influences a consumer's decision-making process when purchasing goods. How does this law help explain why a consumer may choose to stop purchasing additional units of a product even if they still have the income to buy more?
2. A consumer has a budget of 100 Birr and wishes to buy two goods: bread (X) priced at 4 Birr per loaf and sugar (Y) priced at 20 Birr per kilogram. Using the budget equation, find the different combinations of bread and sugar the consumer can afford. Then, draw the budget line based on these combinations.
3. Explain the concept of diminishing marginal utility.
4. What is the principle of equi-marginal utility, and how does it help a consumer maximize satisfaction?
5. Explain the difference between cardinal utility and ordinal utility theories.

International Practices to Promote Budget Literacy Harika Masud, Helene Pfeil, Sanjay Agarwal, Alfredo Gonzalez Briseno, 2017-08-09 Budget literacy is defined as the ability to read decipher and understand public budgets to enable and enhance meaningful citizen participation in the budget process It is comprised of two main parts i a technical understanding of public budgets including familiarity with government spending tax rates and public debt and ii the ability to engage in the budget process comprising of practical knowledge on day to day issues as well as an elementary understanding of the economic social and political implications of budget policies the stakeholders involved and when and how to provide inputs during the annual budget cycle Given that no international standards or guidelines have been established for budget literacy education to date this book seeks to address this gap by taking stock of illustrative initiatives promoting budget

literacy for youth in selected countries The underlying presumption is that when supply side actors in the budget process governments simplify and disseminate budget information for demand side actors citizens this information will then be used by citizens to provide feedback on the budget However since citizens are often insufficiently informed about public budgets to constructively participate in budget processes one way to empower them and to remedy the problem of budget illiteracy is to provide budget literacy education in schools to youth helping them evolve into civic minded adults with the essential knowledge needed for analyzing their government's fiscal policy objectives and measures and the confidence and sense of social responsibility to participate in the oversight of public resources This book elaborates on approaches learning outcomes pedagogical strategies and assessment approaches for budget literacy education and presents lessons that are relevant for the development improvement or scaling up of budget literacy initiatives
