Ecstatic Religion A Study Of Shamanism And Spirit Possession

Michael Berman

Ecstatic Religion A Study Of Shamanism And Spirit Possession:

Ecstatic Religion I.M. Lewis, 2002-12-12 First Published in 2004 Routledge is an imprint of Taylor Francis an informa company *Ecstatic Religion* ,1989 **Ecstatic Religion** I. M. Lewis,1971 **Ecstatic Religion** I. M. Lewis,1975

Ecstatic Religion I. M. Lewis,1978 *Ecstatic Religion* Ioan M. Lewis,1978 **Genealogies of Shamanism** Jeroen W Boekhoven,2011 Cover Table of contents Acknowledgements 1 Approaching shamanism 2 Eighteenth and nineteenth century interpretations 3 Early twentieth century American interpretations 4 Twentieth century European constructions 5 The Bollingen connection 1930s 1960s 6 Post war American visions 7 The genesis of a field of shamanism America 1960s 1990s 8 A Case Study Shamanisms in the Netherlands 9 Struggles for power charisma and authority a balance Bibliography Index

Religion and Anthropology Brian Morris,2006 This important textbook provides a critical introduction to the social anthropology of religion focusing on more recent classical ethnographies Comprehensive free of scholastic jargon engaging and comparative in approach it covers all the major religious traditions that have been studied concretely by anthropologists Shamanism Buddhism Islam Hinduism Christianity and its relation to African and Melanesian religions and contemporary Neopaganism Eschewing a thematic approach and treating religion as a social institution and not simply as an ideology or symbolic system the book follows the dual heritage of social anthropology in combining an interpretative understanding and sociological analysis The book will appeal to all students of anthropology whether established scholars or initiates to the discipline as well as to students of the social sciences and religious studies and for all those interested in comparative religion *Shamanism* Mariko Namba Walter,Eva Jane Neumann Fridman,2004-12-15 A guide to worldwide shamanism and shamanistic practices emphasizing historical and current cultural adaptations This two volume reference is the first international survey of shamanistic beliefs from prehistory to the present day In nearly 200 detailed readable entries leading ethnographers psychologists archaeologists historians and scholars of religion and folk literature explain the general principles of shamanism as well as the details of widely varied practices What is it like to be a shaman Entries describe region by region the traits such as sicknesses and dreams that mark a person as a shaman as well as the training undertaken by initiates They detail the costumes music rituals artifacts and drugs that shamans use to achieve altered states of consciousness communicate with spirits travel in the spirit world and retrieve souls Unlike most Western books on shamanism which focus narrowly on the individual s experience of healing and trance Shamanism also examines the function of shamanism in society from social political and historical perspectives and identifies the ancient continuous thread that connects shamanistic beliefs and rituals across cultures and millennia **The Esoteric Symbolism of Shamanic Trance**

and Altered States Phenomena Ratka Relic,2020-06-01 Bringing together extensive research on psychology psychophysiology and phenomenology of the shamanic trance and altered states of consciousness this book represents a cross cultural approach to the study of shamanism It discusses Buryat shamanism in Siberia in comparison with Buddhist and

Hindu Yogic techniques as well as other esoteric traditions The phenomenon of the shamanic trance is here investigated from the esoteric point of view as a form of mystical or religious experience The book explores the inner feelings and psychic states of the shaman during the trance describing the inner psychic processes and referring to the systems of chakras and subtle channels in shamanism and classical Buddhist and Hindu yoga as well as other cultural traditions In addition to its adoption of psychoanalytic and transpersonal approaches it also uses phenomenological methods in its investigation representing works from scholars in Oriental studies as they provide deeper insight into the research of shamanism and mystical experiences

Women Praying and Prophesying in Corinth Jill E. Marshall, 2017-09-15 In First Corinthians Paul makes two conflicting statements about women's speech He crafts a difficult argument about whether men and women should cover their heads while praying or prophesying 11 2 16 and instructs women to be silent in the assembly 14 34 35 These two statements bracket an extended discussion about inspired modes of speech prophecy and prayer in tongues From these exegetical observations Jill E Marshall argues that gender is a central issue throughout 1 Corinthians 11 14 and the religious speaking practices that prompted Paul's response She situates Paul's arguments about prayer and prophecy within their ancient Mediterranean cultural context using literary and archaeological evidence and examines the differences in how ancient writers described prophetic speech when voiced by a man or a woman

Spirit Possession and Trances in Cross-cultural Perspectives Mary Katherine Gilliland, 1980 *Spirit Possession and the Construction of Early Modern Jewish Religiosity* Jeffrey Howard Chajes, 1999

Prophecy and Society in Ancient Israel Robert R. Wilson, Using comparative anthropology to get at the social dimensions of prophetic activity Robert Wilson's study brings the study of Israelite prophecy to a new level Looking at both modern societies and Ancient Near Eastern ones Wilson sketches the nature of prophetic activity its social location and its social functions He then shows how these features appear in Israelite prophecy and sketches a history of prophecy in Israel

Possessed by the Spirits Karen Fjelstad, Nguyen Thi Hien, 2018-05-31 The essays in this volume examine the resurgence of the Mother Goddess religion among contemporary Vietnamese following the economic Renovation period in Vietnam Anthropologists explore the forces that compel individuals to become mediums and the social repercussions of their decisions and interactions

Magic, Ritual, and Witchcraft, 2006 *Divination and the Shamanic Story* Michael Berman, 2008 Stories have traditionally been classified as epics myths sagas legends folk tales fairy tales parables or fables However the definitions of the terms have a tendency to overlap making it difficult to classify and categorize material For this reason a case can be made for the introduction of a new genre termed the shamanic story a story that has either been based on or inspired by a shamanic journey a numinous experience in non ordinary reality or one that contains a number of the elements typical of such a journey Other characteristics include the way in which the stories all tend to contain embedded texts often the account of the shamanic journey itself how the number of actors is clearly limited as one would expect in subjective accounts of what can be regarded as inner journeys and how the stories tend to be used for

healing purposes Within this new genre it is proposed that there exists a sub genre shamanic stories that deal specifically with divination and examples are presented and analysed to support this hypothesis By means of textual analysis it can be shown they all share certain attributes in common the identification of which forms the conclusion of the work **Shamans Unbound** Mihály Hoppál,Zsuzsanna Simonkay,2008 Shamanism Gary Edson,2009 This book provides an in depth look at the beliefs and practices centered on the shaman a person believed to have powers to heal and communicate with the spirit world The work features more than 90 of the author s drawings of masks fetishes carvings and ongon and 40 rare photographs of shamans medicine men and women and healers Provided by publisher *The Nature of Shamanism and the Shamanic Story* Michael Berman,2007 The book makes out a case for the introduction of a new genre of tale the shamanic story which has either been based on or inspired by a shamanic journey or contains a number of the elements that are typical of such a journey The stories featured are the Book of Jonah from the Old Testament two traditional stories from the Republic of Georgia The Earth will take its Own and Davit a contemporary German tale Bundles and the Korean story of Shimchong the Blindman TM s Daughter By making use of textual material from a number of different cultures and times the intention is to highlight the pervasive influence shamanism has had and to show how the oenew genre being proposed is a universal one The research questions addressed include 1 defining what shamanism is deciding whether it should be classified as a religion a methodology or a way of life 2 considering whether a case can be made out for the introduction of a new genre of tale and if so what its characteristics are It is hoped the book will be of interest not only to those involved in the study of shamanism but also to those whose interest is in the study of literary texts Since the old bearers of shamanic traditions quite often were and even today are illiterate the study of their folklore epic songs laments narratives undoubtedly provides a rich source for research
