Edge Of Danger Edge Security Series 3:

Edge of Danger Trish Loye, 2015 E D G E Security is a covert international organization that handles jobs most governments won't. The operators are the elite of the elite soldiers and spies chosen for their skills and secrecy and their ability to go beyond the edge. Plagued with nightmares since her return from Iraq, Alyssa Harrison must keep her PTSD hidden. As a detective for the elite Counterterrorism Bureau of the NYPD, she's determined to keep her city safe. But now an elusive bomber is threatening New York and a military consultant is assigned to work with her. It doesn't matter how sexy he is; she won't let herself get close because she can't let anyone know how broken she is. As a special operations soldier with E D G E Security, Zach Doc Grayson is used to putting the needs of those he protects over and above his own. So when the terrorist he's tracking has plans for New York City, Zach has no choice but to follow. There he meets a fiery detective who rebuffs his protection and challenges him at every turn, sparking his interest. But Zach fights the attraction he's on a mission and nothing will distract him. The case takes Alyssa from New York's grungiest subways to its most glittering galas and through it all, Zach is beside her whether she wants him to be or not. Will their explosive attraction make everything fall apart or can they work together to save the city from the edge of danger? This is a stand-alone romantic thriller.
