Beer, Pamela Knights, Elizabeth Nolan, 2007-07-25 Edith Wharton's *The House of Mirth* 1905 is a sharp and satirical but also sensitive and tragic analysis of a young single woman trying to find her place in a materialistic and unforgiving society. *The House of Mirth* offers a fascinating insight into the culture of the time and as suggested by the success of recent film adaptations it is also an enduring tale of love, ambition, and social pressures still relevant today. Part of the Routledge Guides to Literature series, this volume is essential reading for all those beginning detailed study of *The House of Mirth* and seeking not only a guide to the novel but a way through the wealth of contextual and critical material that surrounds Wharton's text.

The Critical Reception of Edith Wharton's *The House of Mirth* Cindy L. Thornton, Meredith College (Raleigh, N.C.). Honors Program, Meredith College (Raleigh, N.C.). Teaching Fellows Program, 1997. *The House of Mirth* Edith Wharton, 1964. Adopted at more than 1,000 colleges and universities. Bedford St Martin's innovative Case Studies in Contemporary Criticism series has introduced more than a quarter of a million students to literary theory and earned enthusiastic praise nationwide. Along with an authoritative text of a major literary work, each volume presents critical essays selected or prepared especially for students that approach the work from several contemporary critical perspectives such as gender criticism and cultural studies. Each essay is accompanied by an introduction with bibliography to the history, principles, and practice of its critical perspective. Every volume also surveys the biographical, historical, and critical contexts of the literary work and concludes with a glossary of critical terms. New editions reprint cultural documents that contextualize the literary works and feature essays that show how critical perspectives can be combined.

The Critical Reception of Edith Wharton Helen Killoran, 2001. Ironically, now that she is becoming recognized as a Modernist by some and as perhaps the greatest American writer of her generation, the criticism often obfuscates more than it reveals. The reasons reside in critics' loyalties to various theoretical approaches, the objectivity of which are often compromised by political hopes. This volume not only traces and analyzes the development of Whartonian literary criticism in its historical and political contexts but also allows Edith Wharton herself a literary critic to respond to various concepts through the author's deductions and extrapolations from Wharton's own words.

Views of New York Society in Edith Wharton's 'The House of Mirth' Isabel Findeiss, 2007-02-16. Studienarbeit aus dem Jahr 2003 im Fachbereich Amerikanistik / Literatur, Note 2,0, Katholische Universität Eichstätt-Ingolstadt, Sprach- und Literaturwissenschaftliche Fakultät, Lehrstuhl für Amerikanistik. Veranstaltung: Henry James und Edith Wharton. Sprache: Deutsch. Abstract: Edith Wharton's *The House of Mirth* is one of the most popular novels of the beginning of the twentieth century. Although written as early as 1905, it is still a joy to read today. The novel often seen as the very work which helped Wharton on her road to success as an acknowledged American writer is today mostly praised as a sharp and often ironical view on New York's High Society of that time. Having grown up in this society herself, Edith Wharton is in fact predestined to give an insight view of the structures and events taking place there. She herself said: "There it was before me in all its flatness and futility, asking to be dealt with as the theme most available at my hand since I had been

steeped in it from infancy 1For my research paper I will therefore analyze Edith Wharton's view on New York's society in *The House of Mirth*. After a short glance at New York in general I am going to take a look at the main character Lily Bart showing her social downfall from High Society to complete poverty by looking at the different families from New York's society. Then I am going to contrast Wharton's presentation of families from High Society with those from the middle and lower class and show up the significant differences.
