Early Childhood Environment Rating Scales Ecers 3:

Early Childhood Environment Rating Scale Thelma Harms, Richard M. Clifford, Debby Cryer, 1998-01-01 The ECERS R is a thorough revision of the widely used program quality assessment instrument the Early Childhood Environment Rating Scale ECERS Designed for use in preschool kindergarten and child care classrooms serving children 2 1 2 through 5 years of age the ECERS R can be used by program directors for supervision and program improvement by teaching staff for self assessment by agency staff for monitoring and in teacher training programs The established reliability and validity of the scale make it particularly useful for research and program evaluation Early Childhood Quality Rating Scale—Emergent Curriculum (ECQRS-EC) Kathy Sylva, Iram Siraj, Brenda Taggart, Denise Kingston, Young children s learning depends on a wide range of experiences that support their holistic development While many different curricular frameworks are used around the world there is increasing agreement that the emerging academic skills of language and literacy mathematics and science should be supported by a playful pedagogy in the early years The Early Childhood Quality Rating Scale Emergent Curriculum ECQRS EC is designed to measure quality in these key areas within preschool settings In addition to three content area subscales this evidence based tool includes a subscale dedicated to diversity and inclusion to help educators support gender and cultural differences in children 3 6 years old who are developing at different rates Because it recognizes the important role of the adult in providing children with high quality interactions this new quality rating scale can be used for research teacher self evaluation and program improvement audit and regulation Research that has worldwide significance is rare but the authors have strong credentials from decades of work on projects that have global relevance for early years research policy and practice From the Foreword by W Steven Barnett and Ellen C Frede co directors National Institute for Early Education Research Rutgers This indispensable tool guides policymakers researchers and early childhood educators in how to achieve high quality learning situations Sonja Sheridan University of Gothenborg Sweden The research informed ECQRS EC enables a much needed objective assessment of pedagogy and learning environments an indispensable resource Nirmala Rao The University of Hong Kong The ECQRS EC is a gift for anyone dedicated to providing high quality early education and care Tara McLaughlin Massey University New Zealand A Guide to Analyzing and Interpreting ECERS-3 Data Richard M. Clifford, Noreen Yazejian, Wonkyung Jang, Dari Jigjidsuren, 2021 Introduction ECERS 3 Background Summarizing ECERS 3 Data Descriptively Describing Statistical Relationships Examining Predictors of Quality Structural Equations Modeling Examining Predictors of Quality Hierarchical Linear Models Examining Groups with Shared Characteristics Special Issues Future Work Conclusions *Early Childhood Education and Care Quality in Europe and the USA* Konstantina Rentzou, Ruslan Slutsky, 2020-05-21 This book captures information about early childhood education and care ECEC policies and practices in different countries and aims to question the degree to which these countries have managed to meet the needs of children families and the ECEC workforce The book illustrates how different countries have

adapted different strategies focusing on policy when it comes to quality ECEC The goal of the book is twofold First and foremost it aims to present key findings and challenges for improving ECEC as a whole Second it aims to highlight problems and concerns which the field of ECEC faces with respect to delivering high quality care and education to all children As neither ECEC nor quality are universal concepts but are shaped by social cultural values as well as national economic and political contexts in which ECEC services are provided this cross country volume is extremely relevant for fully understanding issues in the field of ECEC This book was originally published as a special issue of Early Child Development and Care

Starting Strong IV Monitoring Quality in Early Childhood Education and Care OECD,2015-10-28 This publication explores how countries can develop and use these systems to enhance service and staff quality for the benefit of child development

The SAGE Encyclopedia of Contemporary Early Childhood Education Donna Couchenour,J. Kent Chrisman,2016-08-16 The general public often views early childhood education as either simply babysitting or as preparation for later learning Of course both viewpoints are simplistic Deep understanding of child development best educational practices based on development emergent curriculum cultural competence and applications of family systems are necessary for high quality early education Highly effective early childhood education is rare in that it requires collaboration and transitions among a variety of systems for children from birth through eight years of age The SAGE Encyclopedia of Contemporary Early Childhood Education presents in three comprehensive volumes advanced research accurate practical applications of research historical foundations and key facts from the field of contemporary early childhood education Through approximately 425 entries this work includes all areas of child development physical cognitive language social emotional aesthetic as well as comprehensive review of best educational practices with young children effective preparation for early childhood professionals and policy making practices and addresses such questions as How is the field of early childhood education defined What are the roots of this field of study How is the history of early childhood education similar to yet different from the study of public education What are the major influences on understandings of best practices in early childhood education
