

## Naming the Notes

Notes are named after letters A-B-C-D-E-F-G. Instead of going onto H-I, etc.. it starts again at A. This run of 8 notes from A-A or B-B, C-C, etc.. is called an **octave**. These notes can be played on any tuned instrument. So, on a piano, the notes correspond to the following keys....

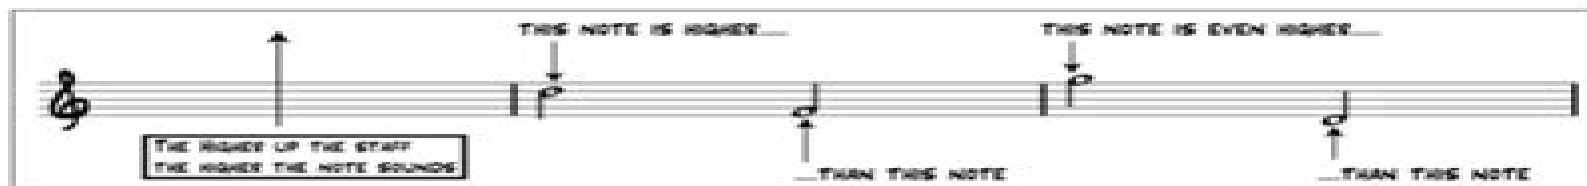

Clearly, the 1st basic thing that you want to learn in order to be able to read sheet music is what note to play. Instead of writing out letters on a page, the universal way of communicating which notes are to be played is via the **staff**.

## The Staff

Staff notation is built on a series of 5 lines called a staff (or stave) and is the foundation upon which music is written....

A note can be placed on different lines or spaces - the higher up the stave, the higher the note sounds....
