Dmt 2004 Mercury Manual:

DMT and the Soul of Prophecy Rick Strassman, 2014-09-18 Naturally occurring DMT may produce prophecy like states of consciousness and thus represent a bridge between biology and religious experience Reveals the striking similarities between the visions of the Hebrew prophets and the DMT state described by Strassman s research volunteers Explains how prophetic and psychedelic states may share biological mechanisms Presents a new top down theoneurological model of spiritual experience After completing his groundbreaking research chronicled in DMT The Spirit Molecule Rick Strassman was left with one fundamental question What does it mean that DMT a simple chemical naturally found in all of our bodies instantaneously opens us to an interactive spirit world that feels more real than our own world When his decades of clinical psychiatric research and Buddhist practice were unable to provide answers to this question Strassman began searching for a more resonant spiritual model He found that the visions of the Hebrew prophets such as Ezekiel Moses Adam and Daniel were strikingly similar to those of the volunteers in his DMT studies Carefully examining the concept of prophecy in the Hebrew Bible he characterizes a prophetic state of consciousness and explains how it may share biological and metaphysical mechanisms with the DMT effect Examining medieval commentaries on the Hebrew Bible Strassman reveals how Jewish metaphysics provides a top down model for both the prophetic and DMT states a model he calls theoneurology Theoneurology bridges biology and spirituality by proposing that the Divine communicates with us using the brain and DMT whether naturally produced or ingested is a critical factor in such visionary experience This model provides a counterpoint to neurotheology which proposes that altered brain function simply generates the impression of a Divine human encounter Theoneurology addresses issues critical to the full flowering of the psychedelic drug experience Perhaps even more important it points the way to a renewal of classical prophetic consciousness the soul of Hebrew Bible prophecy as well as unexpected directions for the evolution of contemporary spiritual practice
