## **Doctrine And Covenants Compendium:**

*Doctrine and Covenants Compendium* Sidney Branton Sperry, 1960 Discusses the LDS Church's Doctrine and Covenants specifically the historical circumstances out of which the revelations and other subject matter contained therein arose with a summary of the general contents and when necessary discusses any difficulties that arise in the text      **A Compendium of the Doctrines of the Gospel** Franklin Dewey Richards, James A. Little, 1914      *Compendium of the Faith and Doctrines of the Church of Jesus Christ of Latter-Day Saints* Franklin D. Richards, 1857      **A Compendium of the Faith and Doctrines of the Church of Jesus Christ of Latter-day Saints, Compiled from the Bible and Also from the Book of Mormon, Doctrine and Covenants and Other Publications of the Church, with an Appendix, by Franklin D. Richards,...** Franklin D. Richards, 1857      **A Compendium of the Faith and Doctrines of the Church of Jesus Christ of Latter-Day Saints** Franklin D. Richards, 2015-07-10 Excerpt from A Compendium of the Faith and Doctrines of the Church of Jesus Christ of Latter Day Saints Compiled From the Bible And Also From the Book of Mormon Doctrine and Covenants and Other Publications of the Church With an Appendix I also trust that it will be found of great value to those who may wish to search after the rich stores of knowledge which our various publications contain the study of which has no doubt been often neglected on account of the great labour which has heretofore been necessary to find the most important Revelations Discourses Articles but if it prove an efficient aid to the Elders in their labours to spread the Truth and an assistant to those who love to search after the principles of salvation and supply in some measure the want that has been felt for a work of the kind the general objects for which it was commenced will have been attained I have only endeavoured to assist others in their efforts to obtain the implements with which to combat the powers of darkness and it will require great care on their part to use them at all times with wisdom About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at [www.forgottenbooks.com](http://www.forgottenbooks.com) This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works      [A Compendium of the Faith and Doctrines of the Church of Jesus Christ of Latter-Day Saints: Compiled from the Bible; And Also from the Book of Mormon.](#) Franklin Dewey Richards, 2018-02-17 This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it This work was reproduced from the original artifact and remains as true to the original work as possible Therefore you will see the original copyright references library stamps as most of these works have been housed in our most important libraries around the world and other notations in the work This work is in the public domain in the United States of America and possibly other nations Within the United States you may freely copy and

distribute this work as no entity individual or corporate has a copyright on the body of the work As a reproduction of a historical artifact this work may contain missing or blurred pages poor pictures errant marks etc Scholars believe and we concur that this work is important enough to be preserved reproduced and made generally available to the public We appreciate your support of the preservation process and thank you for being an important part of keeping this knowledge alive and relevant     Compendium of the Doctrines of the Gospel James Amasa Little,2017 We consider the Bible Book of Mormon Book of Doctrine and Covenants Pearl of Great Price and sayings of Joseph the Seer our guides in faith and doctrine The first four have been adopted as such by a vote of the Saints in General Conference Reference to other writings are only for illustration of the subject We have sought to furnish the best available material for the use of the Elders It is for them to seek for the wisdom of the Holy Spirit to enable them to use it with discretion On most of the subjects treated only a portion of the passages that refer to them have been cited but we have endeavored to use the best We designed to make the Compendium sufficiently elaborate to give it a wide range of usefulness and at the same time not make it so large as to be burdensome to the Elders who travel and preach the Gospel Practically we have aimed to get up a book that would contain a great amount of information for its bulk The arguments on each subject are so plain and direct that we trust they may be made available by the most inexperienced Elders At the same time the references and citations are considered sufficient for the more advanced student to acquire a thorough knowledge of the subjects treated on The references in small type are not designed to be verbatim but only to embody as near as may be the leading idea of the passage referred to They should be studied before being used The passages included within the usual quotation marks thus are designed to be correctly quoted and may be used without referring to the original We are indebted to Elder George Reynolds for the carefully prepared Chronology of the Book of Mormon It is evidently the result of much study and thought and as such is entitled to credence While we have aimed at accuracy we should be pleased to have our friends inform us of any material error they may discover We expect our labors will elicit some criticism but we trust the thoughtful and experienced will allow much for the complicated character of the work     **The Mormon Mirage** Latayne C. Scott,2010-08-03 In the first edition of The Mormon Mirage Latayne C Scott shared her remarkable journey out of Mormonism as she uncovered shocking inaccuracies inconsistencies and contradictions in the faith she had loved and lived Thirty years later Mormonism and Mormon scholarship have evolved with the times In this third revised and updated edition of her well known book Scott keeps pace with changes and advances in Mormonism and reveals formidable new challenges to its claims and teachings The Mormon Mirage provides fascinating carefully documented insights into DNA research s withering implications for the Book of Mormon the impact of new revelations on Latter day Saint LDS race relations new findings about Mormon history increasing publicity about LDS splinter groups particularly polygamous ones recent disavowals of long held doctrines by church leadership the rise of Mormon apologetics on the Internet More than a riveting insider s scrutiny of the Mormon faith this

book is a testimony to the trustworthiness of Scripture and the grace of Jesus Christ      *Brother Joseph: Seer of a New Dispensation, Volume Two* Richard N. Skousen, W. Cleon Skousen, Volume two of Brother Joseph Seer of a New Dispensation continues the amazing saga of the life of the Prophet Joseph Smith Drawn from hundreds of authoritative sources it delivers a fascinating and sweeping view of the last half of Joseph s eventful and inspiring life Through the highs and the lows of his many experiences in Kirtland Zion s Camp Far West Liberty jail and Nauvoo Joseph was forged into a humble servant of God who led the people by example and whom the Saints admired and deeply loved The Saints knew that their cherished Brother Joseph was a man who was full of light who imparted profound doctrines that enriched their lives teachings that caused them to ponder in sincere reflection They treasured the opportunity to associate with Joseph and to learn from him Written in a very readable style by using Joseph s own recorded history and the observations of those who knew him this volume offers a clear and vivid portrait of the Prophet Joseph Smith It illustrates the breadth and depth of the dynamic life of this exceptional servant of God In this book is an inspiring and impressive biography of a singular man and prophet of God      **Latter-day Saint Theology among Christian Theologies** Grant Underwood, 2025-03-13 How do the beliefs of Latter day Saints compare with traditional Christian theology Grant Underwood provides answers to this question that are clear detailed and thoughtful Writing for a broad and interested Christian audience he systematically brings Mormon thought into conversation with main currents of Christian theology He focuses on major topics that have engaged Christian thinkers over the years who God is who Jesus Christ is who we are how we are saved what the church is and what the future holds for human history as well as for individual human lives Most chapters follow a format in which relevant themes are introduced with an overview of significant Christian reflection on the topic followed by an exploration of Latter day Saint thought on the subject Throughout the book Underwood s goal is to analyze not catechize While the author is a practicing Latter day Saint that reality only enhances his appreciation for the theology produced by centuries of fellow Christians of faith who in Anselm s words have diligently and devoutly sought understanding Underwood seeks to facilitate mutual understanding among Christians who may worship differently who conceive of God and God s relations with humanity differently and who articulate their religious beliefs in terms and concepts that are unfamiliar to each other Readers of this book are invited to approach its sympathetic presentation of such Christian theologies including that of the Latter day Saints with an openness and curiosity that can lead to a more accurate nuanced understanding of the doctrines discussed      *The Joseph Smith Revelations* H. Michael Marquardt, 1999 Revelation is so central to Mormonism that one might presume that the study of original texts is an exhausted field The remarkable truth is that little has yet been done in this area An analysis of the earliest manuscripts and first printed versions often in newspapers helps establish the original setting and often the intention of the revelations many of which have been greatly changed by later textual modifications By knowing more of the history of the early church Marquardt hopes to reveal new and important vistas concerning both early Mormonism and the concept of revelation itself
