**Families and Faith** Vern L. Bengtson, Norella M. Putney, Susan Harris, 2013 Few things are more likely to cause heartache for devout parents than seeing their child leave the faith And it seems from media portrayals that this is happening more and more frequently But is religious change between generations common How does religion get passed down from one generation to the next Families and Faith Vern L. Bengtson, 2013-10-04 Winner of the Distinguished Book Award from American Sociology Association Sociology of Religion Section Winner of the Richard Kalish Best Publication Award from the Gerontological Society of America Few things are more likely to cause heartache to devout parents than seeing their child leave the faith And it seems from media portrayals that this is happening more and more frequently But is religious change between generations common How does religion get passed down from one generation to the next How do some families succeed in passing on their faith while others do not Families and Faith How Religion is Passed Down across Generations seeks to answer these questions and many more For almost four decades Vern Bengtson and his colleagues have been conducting the largest ever study of religion and family across generations Through war and social upheaval depression and technological revolution they have followed more than 350 families composed of more than 3 500 individuals whose lives span more than a century the oldest was born in 1881 the youngest in 1988 to find out how religion is or is not passed down from one generation to the next What they found may come as a surprise despite enormous changes in American society a child is actually more likely to remain within the fold than leave it and even the nonreligious are more likely to follow their parents example than to rebel And while outside forces do play a role the crucial factor in whether a child keeps the faith is the presence of a strong fatherly bond Mixing unprecedented data with gripping interviews and sharp analysis Families and Faith offers a fascinating exploration of what allows a family to pass on its most deeply held tradition its faith *Religious Change and Continuity Across Generations* Maria T. Thomas,2024-07 We want our kids to know God We know we re supposed to disciple them But parenthood is hard and we re busy tired and often feel unequipped What if our kids don t seem all that interested or can t sit still long enough for us to read the Bible Christie Thomas has a secret for you helping your kids connect with God is way easier than you think It all starts with 30 seconds a day and the power of a simple habit Through Christie s empowering encouraging insights you ll discover how to overcome common struggles implement easy practices that fit your unique kids and change your family s faith culture *A Christian Divorce* Christopher Lake,2016-05-27 Divorce presents individuals with one of lifes greatest

adversities And Christians are simply not immune When it occurs it must be endured and then overcome The primary message of *A Christian Divorce* is radically simple God calls us to live out our faith in every circumstance including before during and after a divorce To be a Christian to be a follower of Jesus Christ means that God has called us to lives of significance not just on sunny days but on the days when we find ourselves caught in torrential down pours And divorce is one of the most common down pours experienced in our country If God can use the gruesome event of a crucifixion as a catalyst for faith then the same God can certainly turn any hardship including divorce into an inspirational force to transform lives Consequently whether you or a loved one find yourself on the brink in the midst or living in the wake of divorce *A Christian Divorce* points all who read it to seek Divine Counsel just as aggressively as they seek legal counsel In a world that is desperately in need of Christians who are fully embracing and modeling the example of Jesus Christ there is no greater opportunity to live out the Christian faith than through our own familieswhether they are intact broken or breaking *A Christian Divorce* encourages and challenges those who find themselves mired in divorce to recognize that now perhaps more than ever is crucial time to live out their faith **The Multigenerational Church Crisis** Bryan Chapell,2025-05-06

Harness the strengths of every generation to create a church that endures open the lines of communication appreciate the experiences that shaped each generation in your church unite in one mission to impact your community and the world It may seem hard for younger Christians to believe that people over 50 were raised during an era when 90 percent of Americans identified as Christian These older believers were once part of a majority group that understood the mission of the church was to take control of our culture to halt its evils At the same time Christians under 50 have lived their entire lives perceiving themselves as a minority that needs to make credible their faith to a secular pluralistic culture These distinct experiences and perceptions have a profound impact on the priorities different generations have for church ministry It s no wonder that

younger and older believers don't always see eye to eye. But imagine what could be accomplished in the name of Christ if we could better understand each other and turn that understanding into shared purpose and aligned priorities. Backed by thorough research, this eminently practical and hopeful book from pastor and scholar Bryan Chapell shows you how to open the lines of communication, appreciate the experiences that shaped each generation in your church, and unite in one mission to impact your community and the world. Families and Religion Christel Gärtner, Linda Hennig, Olaf Müller, 2025-03-20

This comparative study examines the transmission of religion in families in Germany, Italy, Hungary, Finland, and Canada. The authors rely on the widely shared argument that religious change can primarily be understood as an intergenerational process. Based on a mixed methods design, the book investigates the question of how, when, exactly, and under what conditions the following generations become less religious than the previous ones. From the perspective of familial and historical generations, the authors examine the significance of religious socialization for the transmission of non-religious worldviews, affiliation, practice, and identity. According to a central finding, religious change takes place primarily in the phase of adolescence against the background of the respective social context. **Religious Change and Continuity Across Generations** Maria T. Brown, Christel Gärtner, Merrill Silverstein, 2024-09-23

Religious Change and Continuity Across Generations: Passing on Faith in Families of Six European and North American Nations brings together scholars of religious studies, secularism, and family science to examine how religion is passed down the generations in six European and North American nations. Taking a social change perspective within the context of family socialization theory, the authors treat intergenerational change and continuity in religion and spirituality as occurring under specific national and historical conditions. As such, they consider the social forces that variously reinforce or inhibit transmission of religiosity across successive generations within families. The volume provides a nuanced view of the role that societal context plays in religious transitions and transformations. Chapters consider the strong influence of the Roman Catholic church in Italy, Communist suppression of religion in Hungary, aversion to religious discussions in Finland, the East-West Catholic-Protestant divide in Germany, and rapid religious deculturation in Canada and the U.S. Further, each chapter takes a mixed methods approach, using quantitative survey data to describe the strength and pattern of intergenerational transmission and interview data to clarify family dynamics by which parents and oftentimes grandparents influence the religious beliefs and practices of younger generations, taking care to consider how the absence of religion is also conveyed to the next generation.
