Griffith, 2021-10-01 Place yourself in the boots of the Continental Army and the British forces as they march towards a pivotal Revolutionary War battle June 1778 was a tumultuous month in the annals of American military history Somehow General George Washington and the Continental Army were able to survive a string of defeats around Philadelphia in 1777 and a desperate winter at Valley Forge As winter turned to spring and spring turned to summer the army newly trained by Baron von Steuben and in high spirits thanks to France's intervention into the conflict marched out of Valley Forge in pursuit of Henry Clinton's British Army making its way across New Jersey for New York City What would happen next was not an easy decision for Washington to make Should he attack the British column And if so how People expect something from us and our strength demands it Gen Nathanael Greene pressed his chieftain Against the advice of many of his subordinates Washington ordered the army to aggressively pursue the British and not allow the enemy to escape to New York City without a fight On June 28 1778 the vanguard of the Continental Army under Maj Gen Charles Lee engaged Clinton's rearguard near the small village of Monmouth Court House Lee's over cautiousness prevailed and the Americans were ordered to hasty retreat Only the arrival of Washington and the main body of the army saved the Americans from disaster By the end of the day they held the field as the British continued their march to Sandy Hook and New York City In A Handsome Flogging The Battle of Monmouth June 28 1778 historian William Griffith retells the story of what many historians have dubbed the battle that made the American army and takes you along the routes trekked by both armies on their marches toward destiny Follow in the footsteps of heroes and a heroine who on a hot

summer day met in desperate struggle in the woods and farm fields around Monmouth Court House **Battle Studies**
Ardant Du Picq, 2017-10-27 Excerpt from *Battle Studies* Ancient and Modern Battle On the professional side the service is obvious since before the last war the weakness of the American like the British Army a weakness inevitable given our isolation lay in the absence of adequate study of the higher branches of military science and thus the absence of such a body of highly skilled professional soldiers as constituted the French or German General Staff The present volume is a clear evidence that American officers themselves have voluntarily undertaken to make good this lack On the non professional side and for the general reader the service is hardly less considerable since it supplies the least technically informed with a simply comprehensible explanation of things which almost every one has struggled to grasp and visualize during the last six years extending from the battle of Marne in 1914 to that of the Vistula in 1920 About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works The Dictionary of National Biography Leslie Stephen, Sir Sidney Lee, 1909 *The Survey*, 1924 **dictionary of national biography**, 1899 Bibliography of the History of Medicine, Dictionary of National Biography Leslie Stephen, 1899
